## Foreword

The Covid-19 pandemic impacted on every aspect of our lives also during 2021, but more and more Servas members took advantage of the revived possibilities that opened up for physical travels.

The strong development during 2019 and 2020 with Servas activities being executed on web based video communication platforms, continued and even propelled during 2021 and at the beginning of 2022.

More and more SI Member Groups performed their National Annual General Assemblies (AGMs) on digital platforms, and many other forms of meetings took place virtually.

One of the pioneers was certainly Servas Taiwan which hosted meetings for Servas in Asia as well as for the entire Servas community around the world.

We connected with each to exchange ideas, learn from each other and to understand more about the different cultures we represent. We also had a lot of fun!

All the meetings were based on the shared values that are reflected in the written preamble of the Servas International Statutes, which is the constitution of our organization\*: Our vision and mission is to contribute to a more peaceful coexistence between people based on mutual understanding of cultural, religious, ethnical and other differences which makes us all unique and precious as human beings.

This annual report is mainly about 2021, but it also contains other significant information that reflects developments during the first three months of 2022. The report contains, for example, preliminary financial numbers from the most recently completed financial year (1 April 2021 – 31 March 2022).

\* [Servas International Statutes \(2021\)](#)

Excerpt from the beginning of Servas International's statutes (2021):

Servas International, a non-profit association incorporated under Articles 60 to 79 of the Civil Code of Switzerland, and in conformity with Swiss law, currently having its legal domicile in Zurich, Switzerland, hereby adopts the following statutes, repealing all previously adopted statutes:

### I Definition

Servas International has the overarching, long-term vision of a peaceful world, and its mission is to contribute to achieving this goal.

#### I.1 Principles, Ethos and Values, Vision and Mission

**Principles:** The fundamental principle of Servas International is the belief in the dignity and worth of the human person, and in the equal rights of all human beings as a foundation for a more peaceful world. **Ethos and Values:** We, the members of Servas, believe that our lives are enriched when we meet, interact, share and learn from each other. **Vision and Mission:** The aim of the networking is to create conditions for exchange of ideas, experiences and knowledge that promote tolerance and understanding between the peoples of the world.

#### 1.2 Purpose

The purpose of the association is to create conditions for the exchange of ideas, experiences and knowledge that promote tolerance and understanding between people worldwide. To realise our goals of “a peaceful world”, we work as follows: Servas International is an accredited non-governmental organisation with the three UN agencies: New York, Geneva and Vienna. Three groups (five Servas members each) regularly attend the UN meetings and participate in sub-groups. Opportunities for official statements are used as often as possible. With this peace work, we can work on the realisation of our vision.

---

The members of Servas promote peaceful coexistence by living the following values:

- \* Friendship based on openness, trust and respect.
- \* Hospitality and generosity through travel, hosting guests and other opportunities to meet.
- \* Diversity and inclusion that extends far across cultures, traditions and religions.

## Servas activities around the world

Servas core income-generating activity is the hospitality and meeting programme that promotes intercultural learning and unique insights into people's everyday life, different religions and ways of life, as a way to create a more peaceful and tolerant world.

But there are many more Servas activities around the world, for example events, ranging from hiking and trekking activities to youth and family's camps.

During 2021 many of the activities took place on the internet due to the covid-19 pandemic.

Below you find some photos and excerpts from Servas activities around the world.

At the end of this SI Annual Report you also find SI member groups' reports.

## COP26, Glasgow 2021 – Scottish response to the accommodation challenge

The EU Ambassador cooking a traditional Burkinabe fish meal.

In late October 2021 more than 30,000 delegates from all over the globe came to Glasgow to work together to address the climate change crisis.

The sharp contrast between the circumstances of different delegations to find affordable lodging motivated Servas members in Scotland to respond.

Mary Alice, a long-standing Servas member living 20km south-west of Glasgow, was approached by Servas members in England well in advance of COP26. She began to coordinate accommodation for Quakers and hosted several participants herself.

In the end she found hosts for about 50 people, allocating some to Servas households. These included Madagascans and a group of youth from Yorkshire who made a presentation, with their counterparts from South Africa, and met the Deputy Minister for the Environment. June and Giles Waley, also longstanding Servas members, were among the Scottish citizens who responded to the situation following a request from a Servas membership applicant to help the delegation from Burkina Faso. Four days before the conference began, thanks to social media and personal networks, beds were being offered. Immediately afterwards the first of 23 delegates arrived in their home, 30 km north-east of Glasgow, and in nearby villages. The Waleys hosted administrators, the EU Ambassador and her press officer and two senior civil servants.

# Servas in cyberspace: web based co-working space

Over the years it's become as natural for Servas members to meet and do volunteer virtual activities in cyberspace as it's been before to meet and be active with physical presence.

During 2021 and the beginning of 2022 Servas International made a bold move to start using a pro bone license for Microsoft 365 Tenancy which contains the virtual collaboration tool Teams and other web based applications. M365 Teams will be a backbone for IT infrastructure, storing of documents and communication between Servas members during the upcoming Servas International Conference and General Assembly (SICOGA) which is planned to take place in India in November 2022.

M365 Teams is gradually replacing the IT platform Servas Confluence, which since 2019 has been an important web based co-working space for Servas members around the world.

## SI Executive Committee (SI Exco) summary report

SI Executive Committee, SI Exco, is the global board of Servas International (SI).\*

During 2021 and the beginning of the board's most prioritized matters were the creation of a new funding model for SI's activities, a unique initiative with the first ever virtual Extraordinary SI General Assembly, the continued effort to get a formal registration of SI, the planning for SI Conference and General Assembly 2022 (SICOGA 2022) and the participation at the global yearly event, United Nations Commission on the Status of Women, UNCSW.

**New SI funding model.** At the SI Distant Vote in May 2021 the SI Member Groups (SI MGs) approved a proposal from SI Exco for a new model to fund SI's activities. The funding proposal is based on the following, as described by SI's Treasurer: (a) The amount that will be charged each year will be based on the SI budget that was approved for that year by the SI General Assembly (SIGA). (b) The amount payable by each SI Member Group will be calculated as follows: The total SI budget will be divided by the total number of members worldwide. Then the amount payable per member is adjusted for the Human Development Index (HDI) score for the country (The index is published by the United Nations, UN). Therefore some countries will pay a little more, some less, and a few nothing. SI Exco and the Servas Community believe the result will be just and equitable to all members, ensuring the financial security of SI and the Servas community as a whole.

**Extraordinary SI General Assembly (E-SIGA).** During June, July and August 2021 SI Exco executed a digital Extraordinary Servas International General Assembly (E-SIGA 2021) in cooperation with the SI Distant Vote Administrator (SI DVA) Chris Patterson of Servas New Zealand.

This was the first time a SI General Assembly decision was executed electronically. The E-SIGA 2021 initiative had support in the SI Statutes (2018) and was approved by a double majority of the Servas International (SI) member groups in the May 2021 SI Distant Vote (SI DV). The main item for voting was a SI Exco motion about amendments to the Servas International (SI) Statutes (2018) to allow for SI to formally register as an international non-governmental organisation (iNGO) and association in Switzerland with a registration number. Such a registration has been the goal for SI for a long time. A distant vote in November 2011 authorized SI Exco to seek a suitable country in which to formally register SI. The initiative to formally register SI with a registration number was decided and partly financed by SI GA 2015, with additional funding from SI GA 2018.

SI Exco and the SI DVA executed the E-SIGA 2021 with an electronic voting process based on the SI Distant Vote system that was introduced in SI's statutes in 2006 and has been developed and used since then. This means the E-SIGA was performed through an asynchronous web and email based distant voting where all eligible SI member groups were invited to participate.

The SI Member Groups unanimously supported SI Exco proposal for amendments to the SI Statutes. The proposal to amend the statutes was initiated by the board in order to meet the requirements of the Swiss authorities in Zurich, so that they will register SI as a not-for-profit association and international non-governmental organisation (iNGO) with a registration number and tax exempt status.

SI Exco was granted authorization and a registration number by the Swiss authorities on the 22nd February 2022. SI is registered at the commercial registry office in the Canton of Zurich and has the register number CHE-205.260.035.

**SICOGA 2022.** On December 19 2021 SI Exco approved an announcement with a timeline for SI General Assembly 2022 (SIGA2022), including information about a possible 2022 SI Conference.

SI Exco decided to arrange the next Servas International General Assembly (SIGA) on November 24–25 2022 (the dates were later on changed to November 25–26). SIGA 2022 is planned as a hybrid physical meeting with digital/virtual access. The meeting's setup depends on the covid-19 pandemic situation and a number of other factors which may prevent an in-person meeting.

It was also the board's intention to arrange an extended meeting, a Servas International Conference and General Assembly (SICOGA) hybrid physical meeting with digital/virtual access on November 21–26 2022 (the dates were later on changed to November 22–28). Servas International General Assembly 2022 (SIGA 2022) will with this solution be an integrated part of SICOGA 2022.

---

The plans and the possibility to execute the tentative plan for a full SICOGA were in December 2021 still depending on the covid-19 pandemic situation and a number of other factors.

At the beginning of 2022 SI Exco informed the Servas community that the board had decided to execute a fully fledged SICOGA at the venue Asia Plateau in Panchgani, India, in cooperation with the member group in India, Servas Foundation.

**Servas at UNCSW.** The global yearly event, United Nations Commission on the Status of Women, UNCSW, has over the last years become one of Servas International's main peace activities. In 2019 Servas was represented by six registered persons. In 2020 20 Servas members had registered but the meeting was cancelled because of the pandemic. For the sixty-fifth UNCSW – which took place on March 15 to March 26 2021 – Servas International had registered a record number of members for active participation. The UNCSW 2021 eventually allowed all 32 interested Servas members to participate digitally, and others were involved in the preparations. The UNCSW65 used a hybrid format with mostly virtual meetings.

The rapidly increased Servas participation at UNCSW manifests that gender equality during recent years has become one of the main areas of Servas International's activities.

Servas' hospitality program contributes to a world with more equal opportunities for women and men, since the program gives women a possibility to travel with a greater degree of safety while offering homestays with certified members. It also gives women an opportunity to get personal insights in societies and countries where gender equality might be more developed than where they themselves live. This can give them inspiration to keep on striving to improve their own rights and conditions

Reasons why gender equality is important: ● Societies that value women and men as equal are safer and healthier. ● Gender equality is essential for economic prosperity in a society. ● Gender equality reduces violence against women and girls. ● Gender equality is a human right, says the UN's Declaration of human rights.

#### **Other SI Exco prioritized issues.**

- **ServasOnline System, SOLSYS.** SI Exco has continuously been promoting acceptance and introduction of the digital and web based platform ServasOnline for host search and traveler verification, communications and membership administration in all member groups/countries.

On March 20<sup>th</sup> 2022, there were 16 057 member profiles in the ServasOnline System.

One year earlier, on March 31<sup>st</sup> 2021, there were 15 268 member profiles in the system.

The year before, 2020 on March 22<sup>nd</sup> there were 16 057 profiles in ServasOnline System.

**\* Prolonged mandate period for SI Exco.** The Servas International member groups decided through a SI Distant Vote (SI DV) in November 2020 that the members of the members of SI Exco will have their mandate periods extended for one year from 2021 to SI GA 2022.

The Servas member groups also decided that the next Servas International General Assembly (SI GA) should be rescheduled from 2021 to 2022. Through the SI DV the member groups also decided that SI Exco has a responsibility to develop a concept for a virtual SI GA.

A rescheduling of the next SIGA gave the current SI Exco time needed to develop a concept for a combined virtual and physical conference.

This plan will be in line with the following SI GA 2018 decision (Serial number 35, decision 20):

Improve Servas International Conference and General Assembly, SICOGA (EXC-017)

[https://servas.org/sicoga2018/motions/2018\\_11/SI\\_GA\\_2018\\_Decisions\\_V5.pdf](https://servas.org/sicoga2018/motions/2018_11/SI_GA_2018_Decisions_V5.pdf)

SI Exco (2018–2022) has agreed to give the following areas the highest priority during our mandate period:

**• Execution of decisions made by the Servas International Member Groups (SI MGs) at the SI General Assembly 2018 (SIGA 2018).** SI Exco's main task is to mobilise the resources needed to implement decisions made by the SI MGs at the SIGA, which is the highest decision-making body of federative, national based organization Servas International.

SI Exco's ability to make these decisions become reality depend heavily on the groups capability to identify and find Servas volunteers who have the capacity and willingness to execute the tasks that are needed to achieve the goals set up by SIGA.

With these given condition it's also SI Exco's responsibility to interpret which decisions collectively made by SIGA are possible and feasible to execute. It also SI Exco's responsibility to decide which decisions are most important for the maintenance and development of Servas as a movement and Servas International as an organisation.

---

In order to act responsible SI Exco must prioritize and not try to do everything. If we would just try to do everything we would most probably achieve very little.

SI Exco also has a responsibility as Servas' global board to be both visionary and realistic.

**Servas growth.** SI Exco has the ambition that Servas and Servas International should grow both in number of members and income in order to execute the organisation's vision and mission. As many people as possible should be able to enjoy the Servas experience. Growth is also needed since the Servas community now depends on a digital infrastructure that is costly to maintain and develop.

However, during 2020 and 2021 the covid-19 pandemic was an obstacle to SI's ability to support SI MGs to recruit new individual members to Servas. As a matter of fact, the effects of the pandemic challenged SI and the entire Servas community to its fundment. The pandemic continued during 2021 to put restrictions on movement which made Servas hospitality program with overnight homestays less attractive.

During 29 021 SI Exco approved a Covid-19 Host and Travel Policy for individual Servas members around the world. It was noted that local and regional governmental restrictions and safety concerns may still apply.

### **SI Exco Meetings 2021**

The SI Exco for the mandate period 2018–2021 (which has been extended to 2022 by a SI Distant Vote in 2020) had 12 meetings during the year of 2021. The meetings were normally held on a fixed day every month (third Sunday) via a web based communication tool. All meetings are minuted and the minutes can be found on the [www.servas.org](http://www.servas.org) website

(<https://servas.org/en/community/board-and-management/si-exco>).

## SI Financial Report 2021-22

Radha B. Radhakrishna  
Treasurer, Servas International

I am pleased to present information about Servas International finances. Please note that we have completed the audit of our recently completed financial year (April 1, 2021-March 31, 2022), and the detailed financial reports will be presented to you for adoption during the SIGA to be held in Panchgani, India this November. This is a brief snapshot. For more details, please refer to the full audit report.

### Development Activity

As expected, due to the pandemic, we had very few in-person activities during the 2020-21 year. The only meeting that took place was the Turkey Peace School, which was conducted online. We had no new expenses from the Development Fund during the year.

### Revenues

Despite the hardships and the lack of travel, virtually all the member groups paid their dues for 2020-21, with the exception of four member groups. Some member groups paid in advance for the next year. Consequently, we received CHF 70,265 from our members, which was in excess of fees receivable of CHF 56,280.

### Expenses

Our expenses were also low due to the diminished level of activity, EXCO was able to set aside an amount of CHF 25,000 in reserve for the forthcoming SICOGA, which will take place in November 2022. Our largest expense during was for technology maintenance CHF 16,537 followed by legal expenses incurred for Servas International registration of CHF 9,757. We also spent CHF 25,487 on building Version 2 of Servas Online, which is expected to be ready by November 2022.

### Income and Cash Flows for 2021-22

The summary income statement and cash flow statement for 2021-22 are presented in the Appendix below.

Thank you!

The Development Fund Reserve has the following balances:

<u>Development Fund Reserve (CHF)</u>	
Beginning Balance (1 Apr 2020)	32,947.96
Funds received	0.00
Turkey Peace School	-136.82
Ending Balance (31 Mar 2021)	32,811.14

### Revenues

Despite the hardships and the lack of travel, virtually all the member groups paid their dues for 2020-21, with the exception of two member groups. Some member groups paid in advance for the next year. Consequently, we received CHF 61,568 from our members, which was in excess of fees receivable of CHF 56,280.

### Expenses

---

Our expenses were also low due to the diminished level of activity, EXCO was able to set aside an amount of CHF 40,000 in reserve for the forthcoming Servas International Conference & General Assembly (SICOGA), which will hopefully take place in 2022. Our technology expenses were low last year while the specifications of Version 2 were being worked out. They have since picked up this year to their normal level. In the first 5 months of the current year (2021–22), we have so far spent about CHF 26,000.

#### Income and Cash Flows for 2020-21

The summary income statement and cash flow statement for 2020-21 are presented in the *Appendix* below.

## SI Executive Committee (SI Exco) Members Reports

### Servas International (SI) President Annual Report 2021 2021-01-01 – 2021-12-31

#### 1. Name of officer and function:

Jonny Sågänger (Sweden), President of Servas International Executive Committee (SI Exco). Reelected for the mandate period October 20 2018–2021 at the the Servas International General Assembly (SI GA) in October 2015.

The current mandate period was prolonged until 2022 by a SI Distant Vote in November 2020.

Previous mandate periods as president: August 2012–October 2015, October 2015–October 2018.

#### 2. Responsibilities:

According to the Servas International statutes the President of the organisation has the responsibility to:

The focus of the role is to lead SI Exco and oversee the general operation of Servas International.

The President shall:

- a) preside over all meetings of Servas International or of the Executive Committee, or delegate this function to a suitable chairperson;
- b) represent Servas on other international bodies or delegate this function to other suitable persons;
- c) keep broadly informed about the work of Servas International officers;
- d) be responsible for the organisation of the International Conference and General Assembly;
- e) be responsible for the agenda of the Executive Committee and the agenda of the General Assembly; and
- f) perform any other functions directed by the General Assembly.

*Source: SI statutes, revised at Extraordinary SI General Assembly 2021*

For 2018 – 2022, the SI President's main tasks and responsibilities are:

- Live up to the responsibilities that are laid out in the SI Statutes as a job description for the SI President (SI P) – see above.
- Participate as one of 6 SI Exco members in SI's global board, dealing with political and legal business, financial and interpersonal matters as they arise
- Create a strategy together with SI Exco members to prioritise and manage the decisions that were made at the SI General Assembly (SIGA) in October 2018 that are documented in an Action Chart of SIGA decisions. The document is stored in the SI co-working space and collaboration tool Servas Confluence.
- External communication. A SI P task due to a swap of tasks with SI General Secretary Kiat Y Tan, who in exchange has taken assumed responsibility for the organisation of the Servas International Conference and General Assembly (SICOGA).
- Oversee and be executive in the development of SI internal and external media and communications activities. Through the activities in the SI Media & Communications Team, increase visibility of local & regional activities.
- ServasOnline System (SOLSYS) program. Promote acceptance and introductions of SOLSYS in member groups/countries. The SI P will in cooperation with the SI Membership & Technology Secretary (SI MTS) be the champions, the driving force and guarantee for the continuation and use of the SOLSYS program.
- To establish a team that will phrase a strategy and action plan for growth in Servas and SI revenue, number of individual members.
- SI registration/incorporation
- Plan for and execute actions that will position SI as an organization that is at the forefront in the area of sustainable travels and other aspects of sustainable development.
- Develop the concepts "Sustainable SI General Assembly" and "Sustainable SICOGA" that was initiated for SI Conference and General Assembly 2018 for future SICOGA's.
- Competitive intelligence (CI) and business intelligence (BI)
- Outreach activities. Connect SI with likeminded organisations.
- Routine tasks.

#### 3. Plans: What do you plan to do until the next General Assembly in 2022?

---

Complete above tasks and responsibilities, and accept other tasks as agreed with SI Exco.

4. Activities: Summarise your activities during 2021.

See full President's reports to SI Exco meetings, shown in the Appendices of the minutes posted at <https://servas.org/en/community/board-and-management/si-exco>

5. Outcomes: What do you think you have achieved in your role so far?

Basically, I have managed the tasks and responsibilities as described above.

In particular, I am proud of the following goals achieved together with my fellow board members in SI Exco:

## SI REGISTRATION

\* The SI Treasurer, a Servas collaborator in Switzerland for the SI registration issue and I during 2021 worked according to a plan to get a pre-approval from the Swiss authorities on how the new SI Statutes needed to be rephrased in order to pave the way for a registration.

\* In February 2021 the SI Treasurer and I received a message from our Servas collaborator in Switzerland who informed SI Exco SI will be able to register and get tax exempt status in Switzerland. The Swiss authorities informed SI Exco SI is required to make changes to SI's statutes in order to obtain a registration as a not for profit, international non-governmental organization (iNGO) in Switzerland. The SI Treasurer, our Servas collaborator in Switzerland and I proceeded to make arrangements for an Extraordinary SI General Assembly (E-SIGA) in collaboration with SI Exco. This was a needed measure since as per SI's statutes, all statutes changes need to be approved in a SI General Assembly.

Read more about the SI registration in the chapter above; **SI Executive Committee (SI Exco) summary report.**

## DEVELOPMENT

• Proposal for new SI funding model. The SI Treasurer and I spent a lot of time during both 2020 and 2021 to phrase and present a proposal for a future funding model and funding formula for Servas International (SI). The SI member groups approved the proposed funding model and funding formula by a SI Distant Vote in May 2021.

## COMMUNICATION

\* During the end of 2020 and beginning of 2021 I managed the handover of the responsibility for editing, production and distribution of SI News Bulletin (SINB) to a new Editor-in-Chief.

The person took over the responsibility during the second quarter of 2021. The person has successfully broadened SINB's target group to include all individual members of Servas.

This was a change of editorial policy. Since the re-start of SINB in a new regime in 2016 the newsletter was mainly produced as a publication for SI Exco's information to Servas National Secretaries, other Servas key persons and volunteers.

The new Editor-in-Chief now produces a newsletter that is made by and for all individual members of the Servas community.

All issues of SINB can be downloaded here: <https://servas.org/en/newsletters-bulletins>

\* I have promoted Servas via social media like Facebook and Twitter.

## FINANCE

\* I have together with the SI Treasurer and the SI Internal Audit Committee continued to push for increased transparency and expedite presentations of SI financial statements/reports.

The 2021-04-01–2022-03-31 financial statements were produced and presented in a timely manner and so were these reports all years during this SI Exco's mandate period. This achievement was made possible mainly thanks to a joint effort by the Servas bookkeeper, the current and past SI treasurers and by the SI Internal Audit Committee (SI IAC).

## OUTREACH & SERVAS PROMOTION

- I participate at the Hospitality Exchange Summit [https://docs.google.com/forms/d/18kBqvRRXq5sVeG-XiFNwha-p78D9Kfc-Rpe7RFEAhO8/viewform?edit\\_requested=true](https://docs.google.com/forms/d/18kBqvRRXq5sVeG-XiFNwha-p78D9Kfc-Rpe7RFEAhO8/viewform?edit_requested=true)

on May 8th, 17.30 CEST.

The meeting is also called Future of HospEX Summit.

### Various activities January–December 2021

January 2021: • I sent requests for SI to be granted grounds passes that give Servas representatives access to and possibility participate in activities in the United Nations premises in New York City (NYC), Geneva and Vienna.

Grounds passes were approved for Servas representatives to UN premises in Geneva, NYC and Vienna.

- I have in cooperation with US Servas representatives and the SI VP made plans to promote the US Servas Events Team's events for the entire Servas community through Servas International's communication channels.
- I wrote a draft proposal suggesting that SI Exco and other key SI bodies should be able to communicate directly with all individual Servas members worldwide. The proposal is according to a SI Exco decision of January 17 2021.

I participated at:

- Servas Japan national meeting March 13.
- Servas International preparatory meeting March 14 as preparation for Servas' participation at the United Nations event The Commission on the Status of Women (UNCSW) on March 15–26.
- Servas Sweden annual general assembly March 20.
- I made preparations for the planned distant/virtual Extraordinary SI General Assembly 2021 and for the next ordinary SI General Assembly which will take place in November 2022.
- I studied how to organize digital asynchronous and synchronous meetings as preparation for future virtual SI General Assemblies.

For the virtual meetings preparations, I have also:

- written a short report for SI Exco on how to develop a concept for larger virtual meetings for decision making, elections et cetera.
- made a list of names of people who have volunteered to help with developing the SI virtual meetings concept.

- 2021-05-30: I arranged and convened a meeting about digital business meeting tools for SI General Assembly 2022 (SIGA 2022).

Participants: Servas members from Servas Spain (2), Brazil (1) and SI General Secretary KYT (Malaysia). The group was named SIGA 2022 Digital Business Tools Team (SIGA 2022 DBTT)

A decision was made to have a new meeting on June 27 2021.

The group met monthly during 2021.

- On September 26 participated with other SI officers in a meeting arranged by the Editor-in-Chief of SI News Bulletin (SINB) MJ of Servas Canada. The meeting focused on the development of SINB.
- October 30-November 1 I participated at Servas France's Annual General Meeting (AGM) in Bordeaux. During the AGM I gave a speech, participated in workshops about sustainable travelling, the relations between Servas France and Servas International et cetera. I had been invited by Servas France which offered to pay for my accommodation and meals. I travelled at my own personal expense by train from Stockholm, Sweden, to Bordeaux in France.
- On October 30 I participated briefly at the Servas East Asia online sharing meeting, together with other Servas East Asia members, members of SI Exco and Servas national secretaries worldwide.

---

• I participated at a webbased video online link at Servas India's Annual General Meeting (AGM) on 4th December 2021. SI VP participated on December 3.

## DAY-TO-DAY BUSINESS

The day-to-day business include to prepare for SI Exco meetings, approval of payments at SI's internet bank account, email communications, monitoring Servas social media accounts administrative person and editor. I try to be available to answer SI officers' and individual Servas members' questions and – when I can't answer them – I try to refer them to the persons who have the relevant knowledge and competence.

The work with competitive intelligence (CI)/business intelligence (BI) to be up to date with developments in the universe of peace- and hospitality organisations.

## LACK OF ACHIEVEMENTS

These are some of the initiatives that I had hoped to achieve more from:

\* SI Growth campaign. The initiation of a SI Exco decision during 2019 to launch a campaign to make the organization grow both in numbers and financially during 2020 and 2021 was crushed by the covid-19-pandemic. The pandemic put an halt to international travels, which badly effected the possibility for Servas to recruit new members.

However, the concept that was created in 2019 can be revived once the pandemic is over and international travels pick up again. The concept is that during a year all individual Servas members, travellers, hosts and volunteers are invited to recruit at least one new individual member. The campaign runs from 1<sup>st</sup> of January to December 31<sup>st</sup>. The campaign will also include other ways for Servas to expand the organization's activities.

6. Financial Report. Itemise any expenditures as members of the committee or as an SI officer for which you are requesting reimbursement.

See separate expense claim form below\*.

7. Feedback: Do you have any comments? Would you like to highlight any issues or make recommendations? It has been with great pleasure I observed how the Servas community actively responded to the difficulties that the covid-19 pandemic has caused for the core activities of our organisation. New creative ideas on how to meet in cyberspace were transformed into real activities.

8. Ecological footprint: If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.\*

- I have during the year made an effort to print less and less Servas documents in order to save paper and trees.
- I try to use my computer and electronic communications as climate smart as possible. One concrete action is to refer persons I email to websites rather than sending them attachments, which put an extra load on servers and on the computer.

- I have during the year promoted Servas as a climate smart alternative way to travel. Overnight stays in private people's homes generally put much less of a burden on the environment than staying at a hotel or other comparable alternatives. This is pointed out in a report produced by academic researchers at the Chalmers University of Technology in Gothenburg, Sweden.

- Information about homestays is on pages 17–19 in the report, which can be found here:

[https://travelandclimate.org/sites/default/files/Methodology-report-Travel-and-Climate-Version-2.pdf?fbclid=IwAR3w8QU0HE9kd\\_WIGrT7OaDtNVkmSLvoQCeI-LuA1Eke1COQpboi3Rk2Rhs](https://travelandclimate.org/sites/default/files/Methodology-report-Travel-and-Climate-Version-2.pdf?fbclid=IwAR3w8QU0HE9kd_WIGrT7OaDtNVkmSLvoQCeI-LuA1Eke1COQpboi3Rk2Rhs)

\* Item number 8 is connected to the SI Exco decision on October 27 2019 when the board approved a set of recommendations from the Servas International Ethical Travel Team (SIETT). The SI Exco decision can be found here

<https://servas.org/sites/default/files/uploads/minutes/2019/SI%20minutes%202019-10-27.pdf>

and the SIETT report from August 2019 with the recommendations here

[https://servas.org/sites/default/files/uploads/news/2019/si\\_report\\_for\\_si\\_ethical\\_travel\\_-\\_final.pdf](https://servas.org/sites/default/files/uploads/news/2019/si_report_for_si_ethical_travel_-_final.pdf)

One of SIETT's recommendations was that SI officers should measure and report on their ecological footprint.

9. Inactive committee members: Do you have any committee members who are no longer involved in the work of the committee or who do not respond to communication from the convenor?

\* I have not been able to get email replies from a number of members of the SI Media & Communications Team (SI MCT) during 2021.

#### \*6. EXPENSES CLAIMS

I requested and received a reimbursement of Swedish Crowns (SEK) 1349 + 3098, in total 4447 SEK for 2021/2022. 4447 SEK equals approximately 382 Swiss Francs (CHF).

## ANNUAL REPORT 2021

NAME: Carla Kristensen (Portugal)

SI Vice President, elected at SIGA, in Seoul, October 2018

Responsibilities: (SI Statutes)- The focus of the role is to promote the development of Servas at all levels of the organization. This includes encouraging collaboration between national groups and those working for Servas International to strengthen and develop Servas membership across all regions.

The Vice-President shall: a) perform the functions of the President in the absence or incapacity of the President; b) Work with the development committee and youth leadership committee together with national groups to strengthen and develop Servas at a local, regional and international level; c) perform such other functions as shall be delegated by the President or General Assembly

My main responsibility, as SI Vice President and member of the Executive Committee, is to support and contribute to the development of Servas in all regional, national and international aspects, towards a successful future of the association, as well as collaborating with the ExCo and its President in a number of other tasks.

### Activities during 2021:

#### 1. SI ExCo monthly meetings

During the year 2021 I attended the regular ExCo online monthly meetings. The General Secretary will be, under this mandate, the link person with the Servas Development Committee (and not the Vice President, as per the Job Description).

#### 2. E-SIGA 2021

I collaborated in the preparation and organization of the E-SIGA 2021, together with SI ExCo and SI DVA, Chris Patterson, including online meetings with South America, East Asia and Europe & Africa group members. A compilation of Questions & Answers was provided by me, SI Treasurer, Radha Radhakrishna and SI President, Jonny Sägänger, in English and Spanish.

#### 3. SI Youth&Families and SI Making Connections

I am the link person with the SI Youth & Families Committee and the Making Connections Group. All the motions related to these two Committees and approved during the SICOGA 2018 will be followed up. I exchanged emails with Raffaella Rota and Susana Martinez, from the SI Youth & Families Committee, regarding 1) if all the committee members are still active 2) ideas for activities of the youth for next year 3) the future of this Committee for the next 3 years

#### 4. Information

- a) Collaboration with Servas Info Distribution Officer, to send out information about events to all key people. In 2021 the events were mainly online.
- b) I am in charge of uploading the NEWS on [www.servas.org](http://www.servas.org), EVENTS and updating of [Servas at the United Nations | Servas Online](#)
- c) Facebook “Servas International” Page and “Servas Travelling for Peace” Group administration. I created a page for Servas\_International on Instagram.
- d) Collaboration in the Servas International Bulletin (SINB)

- 5. I have updated the Excel document “Servas International Elected and Appointed Volunteers 2018-2022”
- 6. I participated in the opening ceremony of Servas India AGM, on December 3, and made a brief speech.
- 7. I collaborated with SI ExCo in the project of registration of Servas International as a not-for profit association in Switzerland.

### Plans/Priorities for 2022:

✓ Attend the regular ExCo monthly meetings, follow up and contribute for the discussions online.

Plan the 2022 SICOGA (ExCo).

- 
- ✓ Support and work with the Youth & Families Committee. Create a space, on the website (for members only), with information about this Committee: events, SYLE, activities, photos, etc
  - ✓ Support and work with the Making Connections Group.
  - ✓ Continue with the presence of Servas International on Social Media (facebook and Instagram), as well as improving the communication with members around the world providing continuous information and transparency.
  - ✓ Focusing on gender equality, human rights issues, as well as ecological travelling and environmental protection must be Servas goals, that we defend and campaign for, and I strongly support.

Financial Report - no

Inactive Committee Members: No

## **SI Treasurer Report for the period January 1 to December 31, 2021**

**By Radha B. Radhakrishna**

1. Name of Committee: I am a member of the Servas International Board of Directors, otherwise known as Servas International Executive Committee (SI EXCO). I serve as the treasurer on this committee. Richard Cabassut, the Assistant Treasurer, who is from Servas France, supports me in fulfilling the duties and responsibilities set out in the financial accounting procedures.
2. Responsibilities: As per our statutes, the role of the treasurer is to manage the financial operation of Servas International (SI). The treasurer is in charge of: a. Managing SI funds b. Maintaining the financial books and presenting periodic financial reports c. Planning and maintaining budgets d. Managing financial audits, and, e. Guiding the EXCO on any financial matters. I would like to place on record my sincere appreciation for the excellent service and support provided by Richard Cabassut. It has been a joy to work with him as a team. I also work with the audit committee, which reviews SI's financials and reports to the SI Board and members. The audit committee members are Rick Wolfe, Gulsen Elyak and Phyllis Chinn. It has been a pleasure to work with them.
3. Plans for 2022: Plans for 2022 include the following: a. Managing Servas International finances prudently to ensure that we are able to fulfill our goals successfully with fiscal discipline and without financial stress. b. Explore ways of setting up financial systems to directly accept payments and donations from members. As a registered tax-exempt organization in Switzerland, this should now be possible. This will hopefully pave the way in future years to supporting countries that do not have their own manpower to manage their finances. c. Successfully conduct SICOGA 2022.
4. Activities: As the treasurer, I worked on the following activities during the year.
  - A. SI E-SIGA and Registration: During the year, I worked with Sägänger (SI President) on registering Servas International as a not-for-profit entity in Switzerland. We were ably supported by René Steimer, from Servas Switzerland. The process of registration requires coordination with two Swiss agencies – for commercial and tax registration. It required conducting a successful E-SIGA to get our statutes amended for registration. I conducted many meetings with members in different parts of the globe as part of the effort to conduct the E-SIGA. The work of SI Registration was almost complete at the end of 2021, and we received our registration number (CHE-205.260.035) on 22nd February 2022.
  - B. Managing Servas funds: I arranged for collections of fees from member groups. As per the resolution in SICOGA 2018, the amounts collected from member groups for 2021 was based, not on the number of LOIs issued, but on the basis of the average annual payment made by the member group during 2016- 18. I am happy to report that at the time of writing this report, nearly all the members paid their 2021 dues. In addition, I processed some donations received during the year, and provided receipts to all the donors.
  - C. Financial Contracts: During the year, I worked with the internal audit committee and other EXCO members to review and maintain all contracts. All the contracts issued by Servas International during this period were for technology (Servas.Org) development. D. Financial Records: The financial records and reports for the 2020-21 were maintained, as required, in accordance with International Financial Reporting Standards (IFRS). SR Consultancy was hired as our bookkeeper following SICOGA 2018. They have been maintaining our books of accounts since the 2018- 19 fiscal year. Their original appointment was for three years and their mandate ended after 2020-21. They may be reappointed for another year to 2021-2022.
  - E. Audit Committee: I worked with the internal audit committee and provided them with all the documents they requested for their audit of the 2020-21 financial accounts. The internal audit committee completed its work and presented its report in July 2021. I drafted the response to IAC report, which was sent to them in August 2021. Both the IAC report and the EXCO response were shared with the external auditors. Both reports are part of the annual accounts that was presented to the membership for adoption at the November 2021 DV. 5. Audited Financial Accounts for 2020-21. The audit of the financial statements for 2020-21 was completed during the period. The audit was completed (with all signatures) in early September 2021. As stated in Pt. (5) above, the audited report was presented to the membership for adoption at the November 2021 DV.
  - F. External Audit: Sen & Ray was appointed after SICOGA 2018 for a period of three years. Their term ended when they completed the audit of 2020-21 financials. Being eligible, they offered themselves for reappointment. As per the terms of our new statutes, Sen & Ray were reappointed for a period of 1 year to audit our 2021-22 financial records and statements.
  - G. Planning & Budgeting: During the year I advised EXCO on managing the budget. I prepared periodic financial reports to explain the financial situation to EXCO. Over the year, I presented various options for balancing the budget.

---

H. Articles in SINB: During the year, I wrote a series of articles for publication in SINB. The purpose of the articles was to explain our financial position and budgetary spend to our members. I also wrote to explain various funding proposals that were presented and discussed during the year in the Google Group for funding SI in the future.

I. Camps/Meetings: Due to the pandemic, all regional and youth camps and meetings were cancelled except for the virtual peace camp in Turkey, which we were able to fund. I am pleased to note that there is a plan to have a physical camp in 2022.

J. SICOGA: During the year, I conducted early discussions with Servas India to broach the idea of hosting the next SICOGA in India in 2022. The Servas proposal was eventually accepted in early 2022 to conduct SICOGA 2022 in November 2022.

K. Other work: (a) During the year I worked with Kiat Y Tan (SI General Secretary) to compile the list of eligible votes for each distant vote. (b) I worked with Paul Nielsen (SI MTS) on various Teams and Zoom initiatives for Servas meetings.

5. Outcomes: I am pleased to report that as a result of the efforts of the finance team, we are on a strong financial footing. Our accounting records are up to date and transparent, aided by periodic reporting on our status to all members.

6. Financial Report: During the period 1st January to 31st December 2021, I was reimbursed USD 147.28 (Equivalent CHF 135.32), as reimbursement of amounts spent on postage incurred during the year to send SI registration documents and financial documents for audit.

7. Feedback: All the volunteers working on the Finance Team have done an excellent job, and I would recommend that SI EXCO should show its appreciation for their splendid efforts through some appropriate gesture.

8. Ecological footprint: Due to the pandemic, my personal ecological footprint was small. I don't know how to quantify it.

9. Inactive members: None.

## **SI Executive Committee (SI Exco) Members Reports**

### **Servas International General Secretary, Kiat Y Tan, Malaysia Annual Report to SI EXCO Jan - December 2021**

#### **1. Name of Committee:**

**Servas International General Secretary, elected at SICOGA 2018.**

#### **2. Responsibilities:**

##### **Based on the SI Statutes:**

The General Secretary shall:

- a) handle the correspondence and information sharing of Servas International;
- b) collect information from national groups;
- c) send communications to national groups and maintain their contact information;
- d) Maintain SI records, including statutes and procedures.
- e) Ensure the updating of SI documentation following any changes to the statutes made at a General Assembly or via a distant vote. Also keep the statutes under review and recommend any required amendments to the General Assembly.
- f) Manage Distant Votes between General Assemblies.
- g) Be responsible for recording minutes of meetings and conferences. This includes the minutes of the General Assembly at the end of the term of office and Distant Vote decisions.
- h) Represent the interests of their assistants, national secretaries and main contacts in the Executive Committee.

In the case of assistants being elected by the General Assembly or appointed by the Executive Committee, the General Secretary nevertheless carries the final responsibility for the duties of General Secretary.

For my Term of 2018-2021, I have swapped Communication Team (which was my original responsibility) with the SI President for Organisation of SICOGA (which was originally under the care of SI President). SI Vice President has kindly agreed to let me take over the responsibility of Development Committee which was originally under SI VP.

#### **3. Plans:**

To carry out the tasks set out by the Statutes, work with the Development Committee to achieve its goals and other tasks & responsibilities that have been agreed with SI EXCO.

#### **4. Activities: Summarise your activities of 2021.**

- Attended Exco meetings
- Taking minutes for Exco meetings
- Posting Exco minutes & Distant Voting
- Liaised with the Development Committee
- Worked with some local Servas branches
- Sent Request for 2021 Annual Report to all Member Groups

## **SI MTS Annual Report 2021**

Name of Committee and/or team you represent:

Jim Leask and Paul Nielsen

Membership and Technology Secretary (MTS) and Co Membership and Technology Secretary (Co-MTS)

Responsibilities :

Technology and Technical teams

Information and Communications Technology (ICT)

Servas.Org Team

Development Team

Membership management and suggestions for change

Plans for 2022 :

Complete Servas.Org version 2.0 design and development

Prepare for SICOGA 2022 in November

Involving Servas Member Groups with Servas.Org at a higher level (i.e. local content, redirect to country websites, membership renewals)

Activities: Summarise your activities of 2021

Maintained Servas.Org version 1

Designed and Developed Servas.Org V2 to the Alpha release stage for reviewer feedback.

Continued working with the Design Team and established a Review and Discussion group for Servas.Org V2

Outcomes: What have you achieved in your role?

Servas.Org has a completed household membership system, profile editing, a renewal process and member administration.

For Servas.Org V2 we have fully migrated the data from Servas.Org V1 (big thanks to Peter Mair)

Process Design has been happening to support the development team.

ICT has improved the development environment by implementing "Containers" for our work spaces as opposed to individual virtual machines.....Much better use of resources.

We applied for and obtained a TechSoup Not For Profit License which give Servas International free or discounted access to many IT products and services including the Microsoft 365 Tenancy.

---

Financial Report: Itemise any expenditures as members of the Committee or as SI officer for which you are requesting reimbursement.

N/A

Feedback: do you have any comments /recommendations? Would you like to highlight any issues?

Comments from 2021 still stand:

ServasOrg needs volunteers to join the development team. A sustainable technology platform, one that we can afford to make the changes needed for the future, needs a sustainable flow of volunteers.

The membership process needs to evolve from the traditional "book based" travel model, to one where secure online world-wide access is the norm.

Ecological footprint: If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.

Virtual Tools have become ubiquitous across the Servas organisation. Microsoft 365 with Teams has been rolled out to Servas International and Teams has become our primary virtual meeting tool.

Inactive Committee Members: do you have any Committee members who are no longer involved in the work of the Committee or do not respond to the communication from the convener?

**Servas International Peace Secretary (SI PS), Paige LaCOMBE**  
**Annual Report to SI EXCO January 2021- December 2021**

1. Name of Committee: Servas International Peace Secretary (SI PS), elected at SICOGA 2018: Paige LaCombe, United States of America
2. Responsibilities: From the SI Statutes: The Peace Secretary shall: a) Promote the peace aspect of Servas International in national groups and internationally: b) Coordinate the work of Servas National Peace Secretaries: c) Represent the interests of the UN delegates and National Peace Secretaries in the Executive Committee: and d) Encourage liaison with other peace organizations, and arrange representation in such organizations when appropriate.
3. Plans: Complete above tasks and responsibilities, and accept other tasks as agreed with SI EXCO. In addition:
  - Promote peace through a variety of communications with Servas International members, National Peace secretaries and through a Servas Peace page on social media
  - Coordinate communication between National Peace Secretaries, SI committees and SI EXCO with news, events and updates within Servas..
  - Support new initiatives to broaden “Servas Experiences” and “Making Connections” to include activities for families and youth.
  - Encourage youth and family peace camps to spread to more countries.
  - Support gender equality by inviting Servas members to attend the UN’s CSW66
  - Increase education about the UN initiatives and 17 sustainable goals to build a better, safer, environment friendly world.
  - Write articles about eco-travel, culture and life of indigenous people
  - Build UN internships and committees for members interested in attending or viewing UN sessions, hosting UN Reps, and networking with other NGOs as potential partners for creating peacebuilding events in local communities.
  - Work with Servas volunteers and committees to develop leadership and growth within the organization.
  - Promote a positive Servas PR using social media and news articles.Encourage Servas members to post travel and hosting pictures of experiences, as well as to write articles for social media, blogs and news articles. ● Team up with other SI EXCO members to achieve the mission and vision for Servas International.
4. Activities: Summarize your activities of 2021. ❖ I have met monthly with SI EXCO and I posted documentation of my peace secretary activities in Confluence. ❖ I met with UN New York representatives quarterly to discuss UN initiatives. ❖ I organized and served as the focal point for Servas International members to attend a virtual conference in New York at the UN Commission on the Status of Women on March 15-26, 2021 with 40 international Servas members. ❖ Created peace and justice activities online events for International Day of Peace and other virtual events with members. ❖ Participated in Servas events online to support international communities.
5. Outcomes: What have you achieved in your role? I have written annual letters to the National Peace Secretaries. I have supported international volunteers to serve on the SI Nominations Team to help with elections for SICOGA 2022. I have created a Scholarship to fund Youth LOI’s in the US. I have applied for partnership with ICAN as well as other peace organizations. I have helped to maintain social media sites for Servas International as a moderator/administrator. I have contributed to SI Exco meetings and taken on my role as time keeper, and I am actively completing my responsibilities for my role as the SI Peace Secretary.
6. Financial Report: Itemize any expenditures as members of the Committee or as SI officer for which you are requesting reimbursement. NONE

# SI Youth and Families Committee Annual Report 2021

## 1. Name of Committee:

Servas International Youth and Families Committee

## 2. Members:

Susana Martinez (Spain), Raffaella Rota (Italy), Aneris Cao (Chile), Mar Ferrè (Spain) Natasha Noreen (Italy)

Dates in office::elected during Sicoga 2018

## 3. Inactive committee members: none

## 4. Responsibilities:

Promotion of new youth and families memberships.

Cooperation and help in organizing events and activities for youth and families.

## 5. Plans: Coordination and promotion of Summer Camps and specific Youth& Families projects like : SYLE and Junior SYLE, youth Exchange, and others

## 6. Activities:

Summarise your activities from January 1 to December 2021

- Support in organizing **Youth Eco-Camp in September 2021** (hosting country: Italy) on Clima, Eco-footprint, no waste of food, Eco-life style
- **On-line meeting:** the aim is to keep relationship between youngsters on international level through ON-LINE meeting such as Pen Pals and language exchange “tandem”.
- Support to **Servas Peace School, Turkey** project, Summer 2021, workshops for children and families, ONLINE platforms, advertising the events, connecting people and promoting the workshops.
- Support to **families travelling with Servas:** connecting families with 2-3 or more children with other family-nets in other countries. Reports available.
- **SYLE** projects have been promoted by an on-line registration form, arising interests and requests, but due to the international pandemic situation we have not realized them.
- 7. **Outcomes:** The Covid-19 Pandemie had drastically reduced our plans and energy.

## 8. Financial Report.

The Eco-Camp was self-funded and supported by Servas Italy volunteers. No other expenses

## 9. Feedback:

2021 had been still very difficult . we did our best to keep the people together and to spread hope and solidarity. Online activity was the only alternative.

Anyway we are putting our efforts to involve young people in new proposal for future, with particular attention to international SiCoGa and international summer camps.

STEIMER René – Switzerland, start date: 2018-12-23

TELSEY Alison – United States, start date: 2019-07-30

2. Responsibilities: Promote Servas as a peace organization within the UN environment, and in communications with Servas and local communities. Represent Servas International at UN venues. Servas membership education on SDGs. Network with like-minded NGOs.

As we recruit new volunteer leadership, our roles must be clarified. It is important that SI EXCO, including through the Nomination Committee, recognize and use job descriptions which accurately describe the work we do, particularly regarding SI Peace Secretary role and SI UN Coordinator role.

3. Plans: Cooperation with other NGOs is crucial for an effective and efficient work at the UN and we should enhance our efforts in this regard. We believe partnership with ICAN (Intl Campaign to Abolish Nuclear Weapons) is well underway now.

4. Activities: We have been able to write and publish various articles, including in SI News Bulletin<sup>3</sup> and on Servas International website<sup>4</sup> (Impact of Covid on Women, Climate emergency, Strength in Numbers, Geneva Peace Week, ...). We also cosigned various statements with other ECOSOC NGOs, including Soroptimist International, Women's Federation for World Peace International, and others. Some articles were also published in Servas National medias (USA, Canada...)

---

<sup>1</sup> For more information, please see Servas International UN Coordinator Job Description. The SI Peace Secretary role used to include both (SI Peace Secretary role and SI UN Coordinator role), till October 2018, when SI UN Coordinator role was created, as a nominated position

We planned to attend UN Conference on Status of Women CSW65 in March 2021, and some members were registered and ready to host members from other countries in NYC, but it was not possible due to Covid 19 restrictions. Members in NYC, Geneva, and Vienna staid regularly connected through virtual meetings, and other ways of communicating.

5. Outcomes: COVID-19 has limited activities to primarily virtual. Nevertheless, it made possible for various members to attend many UN/SDG-related events/panels. And team members kept regularly in contact through Zoom, Skype, and others. All sent their annual report for 2021, agreeing to share with the other team members.

6. Financial Report: No expense

7. Feedback: We now have an operational team in NYC, but we still need to recruit more members in Vienna. In Geneva, SI Representatives struggle with travel costs and hosting issues, some citing it as a reason for discontinuing. Internship program for young Servas members was put on hold due to logistics constraints.

Representation at the UN is very important for Servas, but more support from our membership is key to a sustainable involvement by volunteers. Cooperation should be enhanced, externally with other NGOs, but also internally within Servas.

8. Inactive committee members: For UN NYC, Brita SCHMITZ (Servas USA), has decided to discontinue in 2022. For UN Geneva, Lorette DUBOUT (Servas France), and for UN Vienna, David MENHAM (Servas Austria), have also decided to discontinue in 2022.

## 1. Name of Committee: SI Archives Consulting Group (there is no identified SI Archivist)

(no convenor)  
Anna Koster  
Penny Pattison  
Mary Jane Mikuriya  
Paige LaCombe

2. Responsibilities: SI Archives Consulting Group

3. Plans for 2022:

### Hoover Institute (HI) Archives

1. The assumption is that SI Exco and other designated people are accumulating similar documents to those in the 2008-2017 HI increment; however, there has been no indication sent to the SI Archives Consulting Group regarding this.
2. Longer term, when requested by SI Exco: Pull together the next HI increment (2018-2022?) from documents accumulated by SI Exco and other designated people.

### Electronically accessible historical documents

3. Consult as required and when resources are available, with MTS group in making historical documents accessible on the servas.org website (possibly dependent on member-only section), taking into account privacy and permission issues

4. Activities: Summarise your activities of 2021.

1. Arranged for the SI President to sign a form legally gifting Servas Collection increment to the Hoover Institute at Stanford University, and check the box “retain intellectual rights”.
2. Confirmed copyright of SI Archives: Servas International maintains copyright for the first deposit of materials in the collection. In other words, anyone seeking to quote or publish materials from the collection must contact Servas and attain permission. The same arrangement will be kept for increments, to maintain consistency.
3. Completed necessary questionnaires for submission of the increment to HI.
4. Communicated with HI regarding considerations and the format of future submissions.
5. Drafted revised SI Archivist job description to remove references to coordination of electronically accessible historical documents, and sent it to the SI Nominations and Job Descriptions Team.

5. Outcomes: What have you achieved in your role?

- Received confirmation that the 2008-2017 SI Archives for 2008-2017 have been received by HI (formally accessioned) and are now on the HI server, completing the submission process

6. Financial Report: Itemise any expenditures as members of the Committee or as SI officer for which you are requesting reimbursement.

- None

7. Feedback: do you have any comments /recommendations? Would you like to highlight any issues?

- There is no SI Archivist
- Clarity is required as to responsibility for SI Accessible Historical Documents
- The following was noted in the SI Archivist Job Description: “Normal communication with Hoover Institute staff is by email. Access to HI documents is carefully controlled, and can only be done in person. Therefore it is preferable that the SI Archivist resides nearby or has easy access to the Hoover Institute. Submission of the periodic increments can be sent by courier to the Hoover Institute”.

---

8. If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.\*

- N/A – this is a committee not an individual

9. Inactive Committee Members: do you have any Committee members who are no longer involved in the work of the Committee or do not respond to the communication from the convener?

- None (there is no convenor for the group)

---

## 1. Name of Committee and/or team you represent:

### Servas International Conflict Resolution Team. (SI\_CRT.)

2. Responsibilities: Confidentially hear complaints from SI Exco, area coordinators, national secretaries and national groups (boards), and international committee members. Intervention with individual members if member country cannot resolve conflict.

3. Plans for 2022:

#### A. Questionnaire

1. process data from questionnaire
2. write up report
3. based on data received devise a template for conflict resolution that member countries can use to write their own plan.
4. motion to General Assembly or Distant Voting to adopt plan.
5. Disseminate report

#### B. Code of Ethics and Behaviour-

1. put in a motion to General Assembly or Distant Voting to adopt it
2. adopt 1-page code document for all new members to sign when they join; sign retroactively, for current members.

C. Deal with any new business/requests for conflict resolution.

D. Revisit the idea of youth member as assistant to team/call for volunteers.

E. Revisit EXCO's recommendation to use Confluence, which requires each CRT member to be coached by Servas

International IT team.

4. Activities: Summarise your activities of 2021.

A. A team of 3 (formerly 6) continued since March 31st 2019. During 2021 there were no formal complaints that had to be responded to. The Covid-19 Pandemic continued to preclude most travel, and was probably responsible for no further complaints. We worked on the best way to disseminate the Questionnaire and also to have it translated into Spanish, by Lily on the translation team. Carla from EXCO sent out the 2 Questionnaires (English and Spanish versions) late September and we received 16 responses. Alvany said that using Google documents we could simplify gathering data. We received the links from Carla for email addresses of National Secretaries and Key People, so we did a second mailing of the google form this time. In late December we did a third mailing, as a reminder. We ended up with 39 entries, though one country had two entries.

B. The team had met 5 times per Google, Zoom, WhatsApp, during 2021. Often connections were not good and we needed to switch from one system to another, or one member not able to participate fully because of connection problems.

---

## Our 5 meetings in 2021

1. 15 January Present: Dot and Alvany Absent: Abhay
2. 13 March Absent: Abhay
3. 29 May All 3 members present
4. 26 June- All 3 members present.
5. 13 November- All 3 members present

## 5. Outcomes: What have you achieved in your role?

We have developed and sent out a Questionnaire about how member countries manage conflicts.

It is the main thing we have worked on in 2021 and will keep us busy in 2022.

## 6. Financial Report: Itemise any expenditures as members of the Committee or as SI officer for which you are requesting reimbursement.

~There are no expenditures.

## 7. Feedback: do you have any comments /recommendations? Would you like to highlight any issues?

We recommend that the Code of Ethics and Behaviour be adopted by the General Assembly or Distant voting.

We have received conflicts after they have escalated, so member countries need to ask for help sooner. The CRT needs to be more visible.

We are down to 3 members, which leaves no room for absences, so we do need to increase our membership. Our team is incorrectly noted in 2019-2021 SI teams as having 5 members.

## 8. If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.\*

Recycling, using recycled products, reducing use and reusing things, whether paper, clothing, etc., and composting. Avoiding air miles, which during a pandemic is easy. I have only used public transport, my bicycle and my feet since the pandemic. Beyond this, we educated others to decrease their footprint. Abhay walked about 2000 km in 69 days from 31st Dec.2020 to 9th of March 2021, crossing 4 states of India. It was for having peace within.

## 9. Inactive Committee Members: do you have any Committee members who are no longer involved in the work of the Committee or do not respond to the communication from the convener? NO

Regards from the SI\_CRT: Dorothy Fine, Convener (dorothyf369(at)gmail.com); Alvany Santiago (alvanyantiago(at)gmail.com); Abhay Shaha (abhayservasindia(at)gmail.com).

**1. Name of Committee and/or team you represent:**

**Dolphin Team** [dolphin.team\(at\)servas.org](mailto:dolphin.team(at)servas.org)

**Rita Dessauvage**

**Pablo Colangelo**

**2. Responsibilities:**

Main task of the Dolphin team is updating the key list in the Dolphin Database.:

Update the data of SI Member Groups and National Groups, Committees and Teams.

Update the key list with the names and the roles of new key persons after national elections for member groups or after appointment of new members by Exco for Committees or Teams.

**3. Plans for 2022:**

Dolphin team will continue with the update of the Key List..We don't know when and how migration to servas.org will happen. We are in contact with the SI MTS-officers. In 2021 there was a Skype meeting with Jim Leask and Paul Nielsen,

**4. Activities: Summarise your activities of 2021.**

In 2021 many Servas Groups elected or appointed new board members

- we insert the data of the new members in the key list
- we give board members the right permission to access Dolphin,
- we send user and password to new key persons
- we explain to new key persons how to use Dolphin
- we upload updated host lists/members list in the HLSA of Dolphin, on request.
- we give support to key persons needing assistance (forgotten password etc)
- we update the country details in Dolphin
- we have cooperated with ICT facing specific problems
- we have cooperated with the team of ServasOnline
- quarterly a summary of SI new key people with photo is sent to SI President, SI Vice President and

Michael Johnson, editor of SINB for publishing in SINB

**5. Outcomes: What have you achieved in your role?**

We have a reliable key list as far as we are informed about changes in the board of Servas Groups, Committees and Teams. There are mutual exchanges with servas.org, especially with Joseph Lestang, and also with the Development Committee.

**6. Financial Report: Itemise any expenditures as members of the Committee or as SI officer for which you are requesting reimbursement.**

N/A

**7. Feedback: do you have any comments /recommendations? Would you like to highlight any issues?**  
The Key List can only be updated when we get the needed information and cooperation about changes in a Servas Group, a Committee or a Team.

We appreciate when we are informed by key persons when they experience that an email address of a key person is invalid.

3. Plans for 2022: To fulfill the responsibilities of the committee

4. Activities: Summarise your activities of 2021

. Compiled and reported to the Executive Committee

5. Outcomes: What have you achieved in your role? To review the integrity of the financial statements and approve the audited financial statements.

6. Financial Report: Itemise any expenditures as members of the Committee or as SI officer for which you are requesting reimbursement. None

7. Feedback: do you have any comments /recommendations? Would you like to highlight any issues?  
None

8. If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.\* Reports and correspondences are all done electronically.

**1. Name of Committee and/or team you represent:**

**Membership team (MT) [membership\(at\)servas.org](mailto:membership@servas.org)**

**Rita Dessauvage (convenor)**

**Harald Seiffert**

**Alexei Tereschenko**

**2. Responsibilities:**

Task of the MT is

- to check if SI Member Groups (with voting rights) meet the requirements for keeping the Member status (according to the SI Statutes)
- to check if some SI Member Groups are not meeting the requirements and could lose the Member status
- to check if Servas Groups meet the requirements to be reinstated as Member of SI

MT makes recommendations for the General Assembly.

- by a majority vote the GA can accept/reinstate a SI Group as SI Member Group
- by a majority of vote the GA can decide that a SI Member Group will lose the Member status and will become a Servas Group without voting right.

**3. Plans for 2022:**

MT will continue with their main task: verify if SI Member Groups meet the requirements for keeping the Member status.

MT is looking for Servas Groups that could become Servas Member Group.

At the SI GA of 2022 we will submit a motion for accepting new SI Member Groups or reinstate SI Member Groups because they meet the requirements. We regret that there will be a motion that some SI Member Groups will lose their SI Member status. Main reason is that for more than one year the Annual Report has not been submitted.

**4. Activities: Summarise your activities of 2021.**

Through the Distant Voting of May 2021 Servas Tanzania could become a Servas Member Group. SI Exco made the motion (MT cannot make motions). The result was positive. Now there are 78 SI Member Groups.

Between two GA's the MT is following up the situation of some 'critical' Servas Member Groups. We contact them in time so that they can take care of meeting the requirements for keeping the Member status.(Annual Report, Updated Members list...) We are looking if more Member Groups are eligible to become a Servas Member Group. If needed we give them advice how they can perform the requirements for membership.

**5. Financial Report: Itemise any expenditures as members of the Committee or as SI officer for which you are requesting reimbursement.**

N/A

**6. Feedback: do you have any comments /recommendations? Would you like to highlight any issues? One of the requirements for keeping the status of SI Member Group is an updated host list/members list. At present we don't see how we can verify if the members list of a SI Member Group is updated.**

We find out that too many Servas Member Groups don't complete the Annual Report and don't take part in the Distant voting.

**7. If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.\***

**1. Name of Committee and/or team you represent:**

**SI Nominations Team**

**2. Responsibilities:**

Author the procedures related to nominations, elections, and proxy. Receive nominations. Recruit new candidates. Encourage existing volunteers to put themselves forward for election or appointment again. Run the elections at the SIGA (perform the role of the balloting team). Announce the results.

**3. Plans for 2022:**

Create the Nominations webpage on servas.org. Display candidates for election. Display candidates for appointment. Provide the elections procedure, nominations procedure, proxy voting procedure, online forms for candidates and their supporters and proxy applications, all adapted to the hybrid SIGA. Prepare an option for online voting at the election which will work in the hybrid setting of the SIGA. Prepare documents for use during the SIGA (counting the votes, announcing the results). Run a mock election to test the online election concept.

**4. Activities: Summarise your activities of 2021.**

Request input for Job Descriptions. Draft update of the Job Descriptions.

Think up a concept for elections under the hybrid setting of the SIGA.

**5. Outcomes: What have you achieved in your role?**

Updated draft Job Descriptions.

**6. Financial Report: Itemise any expenditures as members of the Committee or as SI officer for which you are requesting reimbursement.**

None

**7. Feedback: do you have any comments /recommendations? Would you like to highlight any issues?**

SI Nominations Team need the collaboration of SI Exco to be able to plan and run a mock election.

**8. If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.\***

The SI Nominations Team does not have a travel budget so no footprint as such.

In my personal household I believe in the positive effect of even small steps, so, for example I don't buy cut flowers and wear the same clothes for more than 10 years. I commute on my eBike.

**9. Inactive Committee Members: do you have any Committee members who are no longer involved in the work of the Committee or do not respond to the communication from the convener?**

All were active.

---

**1. Name of Committee: Servas International Spanish Translation Coordinator.**

**2. Responsibilities:**

To verify that all the information about EXCO, Servas Bulletin, announcements, invitations and all the important notices, news, have the best possible translation from English to Spanish, so the community of native Servas Spanish speakers can have a complete and accurate information, also at the very short possible time.

**3. Plans:**

No plans for now, maybe look for another Coordinator. I'm thinking about it.

**4. Activities:**

The translation of the Bulletins mainly.

**5. Outcomes:**

A wider knowledge about Servas range, as well as the wide variety of opportunities, programs and activities and possibilities to participate to transform the world actively.

Now that we have a new editor and new image of the Official News Bulletin it was refreshing and easier.

**6. Financial Report.**

This Coordination has not financial expenditures. All the work is done in around 5 hours per week, is charge free.

**7. Feedback:**

It would be great that, in the next international events, even if they are via remote, the translation team can have more support according to the document that Susana Martínez and me sent to Jonny, and that each one of the team could have some kind of rewarding, like a Servas international diploma.

**8. If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.\***

I always use public transportation, love to walk, use bicycle a lot and I'm planning to move soon so I can have a calmer life with lots of less needs in all senses. Also I practice bartering a lot so I almost never buy clothes or anything that I don't really need. I am almost vegetarian because eat meat is not ecological at all.

**9. Inactive committee members.**

Because of the nature of the translation volunteer's team, the people involved are there for a short time. It is a floating team.

## **Servas International – Distant Vote Administrator (SI DVA)**

### **Annual Activity and Financial Report for 2021 Report**

The SI DVA's chapter also contains a summary of Distant Votes since 2009.

Submitted by: Date: 18 February 2022

Chris Patterson, SI Distant Vote Administrator, New Zealand Re-elected at GA in October 2018. First elected at GA in 2009.

Responsibilities: To be responsible for the organisation of the Distant Voting process while working with SI General Secretary and EXCO.

Planned Activities: To conduct one or two Distant Votes per year, if required. To be available to conduct the election of SI Officers by Distant Vote, as required.

Activities and Outcomes: 2021 has been my busiest year to date, with three "distant vote" activities:

- Two Distant Votes were conducted in 2021, DV May2021 and DV Nov2021.
- The registration and voting process for the distant Extraordinary Servas International General Assembly (E-SIGA2021) was conducted in July & August.
- No elections for SI Officers by Distant Vote were required in 2021.

Note: To keep this report short, only a precis of the full wording of the motions has been listed below. For the full text of the motions refer to results as reported to SI EXCO.

I have also prepared a review and analysis of Member Group participation in recent Distant Votes, as noted below. DV May2021 This DV closed at the end of May 2021, there were five motions:

EXCO – 01 – May2021 That Servas International adopt a New Funding Model EXCO – 02 – May2021 To approve the SI 2019-2020 Accounts etc

EXCO – 03 – May2021 To grant Servas Tanzania Member Group status of SI. EXCO – 04 – May2021 To authorise holding a distant Extraordinary Servas International General Assembly in 2021.

EXCO – 05 – May2021 To schedule a Standing Accounts DV motion each year All motions achieved the double majority necessary for them to be declared adopted "as if they had been passed by a meeting of the General Assembly". The results and my report were both sent to the SI General Secretary in June 2021.

DV Nov2021 This DV closed at the end of November 2021, there were two motions:

EXCO – 01 – Nov2021 To approve the 2020-2021 Audited Accounts

EXCO – 02 – Nov 2021 To re-appoint SEN AND RAY, Chartered Accountants, as Auditors for 2022 Both motions achieved the double majority necessary for them to be declared adopted "as if they had been passed by a meeting of the General Assembly".

The results and my report were sent to the SI General Secretary in December 2021. SI Distant Vote Administrator 2021 Report.docx 2 of 3 18 Feb. 22 2:54:00 pm E-SIGA2021

The Extraordinary Servas International General Assembly E-SIGA2021, was conducted as a "distant" SIGA as authorised by the motion EXCO – 04 – May2021 above, using a similar voting process to that used for Distant Votes. One difference was the registration of the eligible Member Group delegates during July, prior to the distant voting process on motions which closed in mid-August.

There were two motions voted on at the E-SIGA2021:

EXCO – 01– E-SIGA2021 Adoption of the Amended SI Statutes as required for registration by the Commercial Registry Office of the Canton Zurich, Switzerland.

EXCO – 02 – E-SIGA2021 Confirmation Motion for SI Officers & Signatories. Both motions were passed unanimously.

Note: For the full text of the motions refer to results as reported to EXCO. The result of voting on both motions was declared and reported to SI EXCO on the 16th August 2021, including a list of how Member Groups voted. Review & Analysis of Member Group Participation in Recent Distant Votes.

#### **SI DVA review and analysis**

I am mindful that I have been in the role of DVA since 2009. In this time I have conducted one Area Coordinator election, 12 Distant Votes and now a distant E-SIGA. Thus this felt like a good time to attempt a review and analysis of the participation of Member Groups in the Distant Vote process. It feels useful to highlight a few of the results here and leave those interested to dive into my review report, included as an attachment, for more results and an outline of the methodology. Involvement by the 78 current Member Groups (MGs) can be summarised as follows:

- o Together, there were an average of 77.4 MGs per Distant Vote

---

o Overall MGs were eligible to vote in DVs 92% of the time.

o The Voter Turnout was 74% for the 12 Distant Votes.

By and large I believe the participation in the SI Distant Votes is more than satisfactory for a global multi-lingual organisation run by volunteers.

Financial Report / Expenditures: Distant Votes are conducted by email using one of the email accounts available as part of our internet subscription. Limited amounts of printing are done during the conduct of the voting process. No refund of these expenses has been claimed from Servas International.

Comments / Issues / Recommendations:

It is again with some satisfaction that the Distant Vote process has allowed Servas International and its Member Groups to continue to make significant decisions through the many “lock downs” and restrictions we are experiencing as the World continues to respond to the COVID-19 pandemic. I doubt that this potential was anticipated when the Distant Vote was added to the SI Statutes at the GA in 2006. As I send emails to countries around the world I am aware that many Servas members are not living in times of peace or places where transparent democratic processes are not the norm. Thus I feel privileged that my role as SI Distant Vote Administrator gives me the opportunity to facilitate and demonstrate the operation of a transparent democratic decision making process within the framework of Servas a global network of volunteers working for peace and understanding through hosting visitors and sharing time with each other. I am available to continue working with the members of EXCO and to facilitate the use of the Distant Vote process as part of ongoing decision making by Servas International.

SI Distant Vote Administrator 2021 Report.docx 3 of 3 18 Feb. 22 2:54:00 pm

As noted in my recent Distant Vote reports: Discussion on the DV Google Group was minimal. Perhaps routine decisions, like approving accounts and appointing auditors, are not the issue to spark discussion. That said, perhaps it is time to have an online forum/sounding board for discussion of administrative and other matters to be decided by Distant Vote and/or under consideration by EXCO. The DV process as currently operated is highly dependent on up to date email addresses in the Dolphin Key List. I look forward to Servas On Line providing the facilities provided by the Dolphin Key List, in particular the ability to access and download emailing lists for key officeholders in Servas Member Groups.

Servas International – Distant Vote Administrator Review & Analysis of Member Group Participation in Recent Distant Votes to 2021

Report Submitted by: Date: 18 February 2022 Chris Patterson, SI Distant Vote Administrator, New Zealand Re-elected at GA in October 2018. First elected at GA in 2009.

Summary: As noted in my 2021 Annual Distant Vote Administrator’s Report I have conducted 12 Distant Votes (DV) since taking on the SI Distant Vote Administrator role in 2009. At this time:

- 32 motions have been decided by Distant Vote (Excluding the E-SIGA2021).
- The number of SI Member Groups (MGs) has varied from 77 to 80 since 2009. • There are currently 78 Member Groups, with Tanzania the most recent addition.
- A total of 91 Member Groups have been involved in the DV process since 2009. o 65 Member Groups have had Member status continuously since 2009. o Since 2009, three MGs lost their MG status and then regained it; 10 gained Member status and twelve MGs in 2009 no longer have MG status.
- Over the 12 DVs an average of 70.4 Member Groups have been eligible to vote. (ie. they have met their obligations to Servas International).
- The voter turnout has ranged from 52% to 82%, with an average of 71%. (I believe this is good for essentially a “postal” voting process.)
- Involvement by the 78 current Member Groups (MGs) can be summarised as follows:
  - o Together, there were an average of 77.4 MGs per Distant Vote
  - o Overall MGs were eligible to vote in DVs 92% of the time.
  - o They Confirmed their Voter 61% of the time.
  - o Their Voter Turnout was 74% for the 12 Distant Votes.

• An analysis of participation by size of Member Group indicates lower participation by smaller Member Groups. The section Member Group Participation in Distant Votes below, provides a more detailed analysis of participation by Member Groups in Distant Votes.

Conclusions:

- By and large I believe the participation in the SI Distant Votes is more than satisfactory for a global multi-lingual organisation run by volunteers.

- Fortunately, relatively few Member Groups are not able to vote in DVs because they have not, as the SI Statutes put it, “fulfilled their obligations to Servas International”. In practice, the Distant Votes provide a reminder of one of the benefits of being up to date.
- It would appear that “Confirmation of the Voter email” has minimal effect on voter turnout when one third of votes are from MGs that did not confirm their voter email.
- The SI Distance Vote offers a working example of a transparent democratic participatory approach to a group decision making process.

#### Background & Definitions:

The twelve Distant Votes (DV) that are the subject of this review and analysis are those conducted during my time as Distant Vote Administrator (DVA) since SICOGA2009.

Each Distant Vote starts with an initial General Announcement of the Distant Vote by the SI General Secretary. Then the DVA confirms voter emails, sends out mailouts and voting papers, receives & counts the votes, reporting the results to the SI General Secretary and finally sends a report on the Distant Vote to EXCO. This process also generates a modest amount of related correspondence with the voters from Member Groups.

SI Distant Vote Participation to 2021 Report.docx 2 of 6 18 Feb. 22 3:03:00 pm The SI Statutes provide for up to two Distant Votes to be held each year between each SI General Assembly (SICOGAs). The following table is a summary of the Distant Vote activity since 2009 in the periods between SICOGAs.

Summary of Distant Votes since 2009				
From SICOGA	Period	Distant Votes	Motions	Average/DV
SICOGA2009 Argentina	2009 to 2012	2	7	3.5
SICOGA2012 Poland	2012 to 2015	2	9	4.5
SICOGA2015 New Zealand	2015 to 2018	3	6	2.0
SICOGA2018 Korea	Since 2018	5	10	2.0
	Totals	12	32	2.7

While the number of motions per DV has dropped, the number of DVs held each period between GAs has increased. The period since SICOGA2018 reflects the use of DVs during the Covid-19 pandemic. SI Member Groups A SI Member Group (MG) is a national Servas group that has been given membership status by a SI General Assembly or by a motion in a SI Distant Vote as set out in the SI Statutes. SI Member Group status may also be removed in a similar way. As a result in the over twenty years since 2009 the number of SI Member Groups has varied, up and down. Eligibility to Vote in a Distant Vote The list of Member Groups (MGs) eligible to vote in each Distant Vote is determined by the SI Treasurer and EXCO based on their having “met all of their financial obligations to Servas International” as set out in the SI Statutes. Within the SI Member Groups at the time of each Distant Vote the number eligible to vote varies, up and down, based on which have “met their obligations”. At the start of each Distant Vote, Member Groups that have “not met their obligations” are considered “Provisional” so they can address their obligations prior to the list of eligible voters being finalised a few weeks before the voting papers are sent out. Participation in a Distant Vote For the purposes of this review Member Groups are considered to have participated in the DV process if they Confirmed their Voter and/or they returned their Voting Paper. This sets up a number of possible combinations; most MGs confirm their voter and return their vote, other MGs may vote without confirming their voter, a Provisional MG may confirm their voter but then may not be eligible to vote, some do neither. Many MGs do not participate. However, this definition of “participation” means a Member Group cannot participate in a Distant Vote unless they are eligible to vote in a particular DV. Thus participation rates, for Confirming their Voter and for returning Votes are calculated based on the number of MGs eligible to vote.

Voter Turnout Voter Turnout has been calculated as the percentage of eligible MGs that returned a voting paper. Thus Voter Turnout counts any invalid votes received, typically the one or two votes missing the vote number used to authenticate the votes received in the corresponding DV.

SI Distant Vote Participation to 2021 Report.docx 3 of 6 18 Feb. 22 3:03:00 pm Analysis

The analysis results noted in the bullet points of the summary are outlined in the following sections.

These results are based on the Participation.

Details shown in the accompanying spreadsheet and described at the at the end of this Analysis section.

### Motions Decided by Distant Vote

A total of 32 motions have been decided in the 12 Distant Votes since 2009. Five DVs had only one motion, the others had 2 up to 6 motions each. From memory the majority of motions were passed, many by the “double majority” required for them to have been “passed by a meeting of the General Assembly”. Refer to the DV reports for the results. Number of Member Groups Currently, February 2022, there are 78 Servas Member Groups, the same number as in 2009. The number of Member Groups in this time has varied for Distant Votes, as the Member status of groups changed:

- the low has been 77 for DVNov2013 through to DVMay2021
- the high was 80 for DVNov2011.

A total of 91 Servas groups have had Member status since the 2009 General Assembly with an average of 77.4 Member Groups over the 12 Distant Votes. The ups and downs include:

- 12 MGs in 2009 are no longer MGs
- 65 MGs have had Member status continuously since 2009
- 3 MGs have lost their Member status and regained it since 2009
- 10 have gained and retained Member status during this period.

### Eligibility to Vote in Distant Votes

Only Member Groups that have “met their obligations” at the time of the Distant Vote are eligible to vote in that Distant Vote, as a result the number of eligible voters is typically less than the number of Member Groups at the time of the Distant Vote.

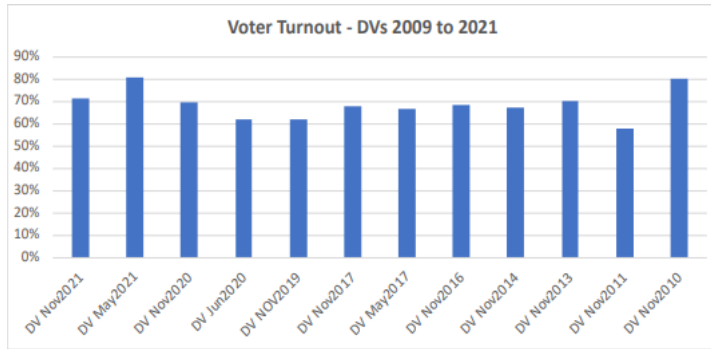

Overall an average of 70.4 Member Groups have been eligible to vote in Distant Votes since 2009. A more detailed analysis of eligibility to vote has been restricted to the 78 current Member Groups, divided into four groups – the 65 that have been MGs for all 12 DVs and those that became MGs at or after the SI General Assemblies (SICOGAs) in 2012, 2015, and 2018 – 4, 4 and 5 respectively. For the 65 MGs with Member status for all 12 DVs:

- Only 37 (57%) were eligible to vote in all 12 DVs.
  - Overall the eligibility was 91%, that is for an average of 10.9 DVs out of the 12 available.
  - Three were eligible for less than 9 of the 12 DVs. The eligibility for the 13 MGs that gained Member status since SICOGA2009 was:
    - 88% for the 4 MGs Members since SICOGA2012
    - 97% for the 4 MGs Members since SICOGA2015
    - 100% for the 5 MGs Members since SICOGA2018
- Over the 12 DVs the voter turnout for eligible MGs was just under 71%. This feels a reasonable turnout for what is essentially a “postal” voting process. Overall the confirmation of their Voter by eligible MGs was just under 61%.

SI Distant Vote Participation to 2021 Report.docx 4 of 6 18 Feb. 22 3:03:00 pm Clearly, the voter turnout is greater than the number of confirmed voters. An overall analysis of the responses by eligible MGs to the confirmation of their Voter showed:

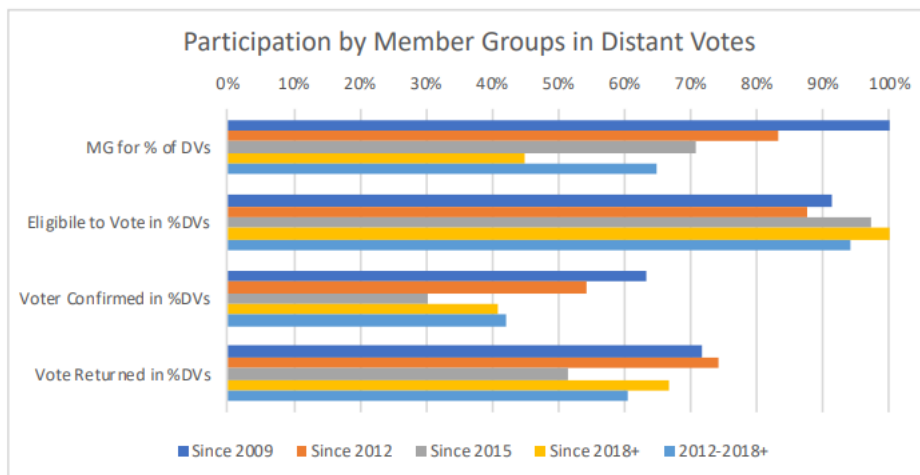

- 49% confirmed the voter email and returned a vote.
- 22% returned a vote without confirming the voter email.
- 10% confirmed the voter email but did not return a vote.
- For the remaining 19% there was neither an email confirmation nor a vote. With about a third of MGs returning their Vote without confirming their Voter, the role Voter confirmation has played in DVs is not obvious and certainly not essential for MGs to vote. That said, Voter confirmation can still serve two useful purposes. First it serves as a reminder that a new DV process has commenced. It also serves as a check/confirmation of the current email address being used by the voter on behalf of their MG.

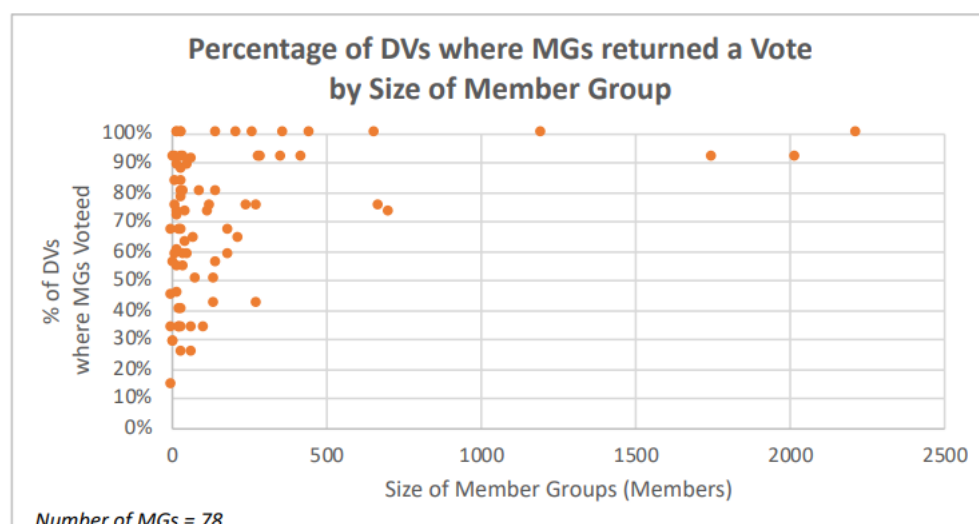

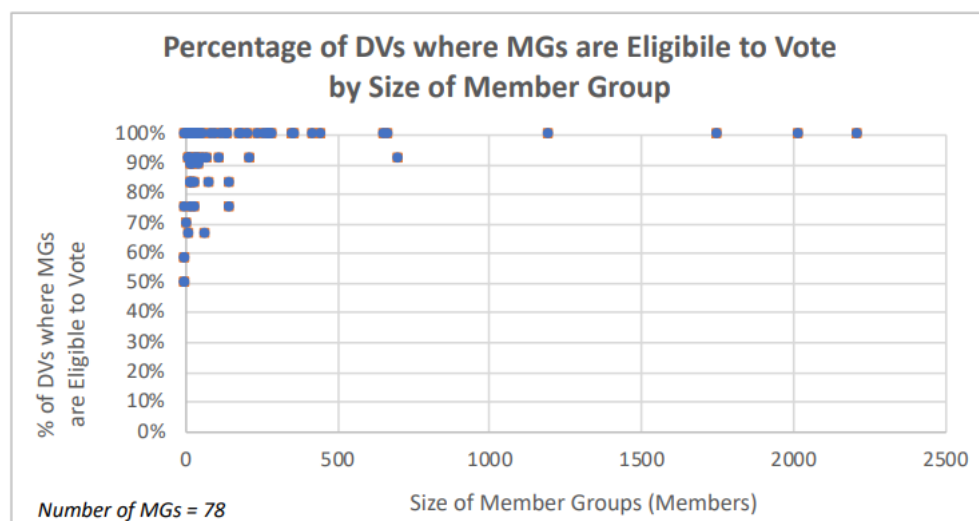

**Member Group Participation in Distant Votes** The following table and chart provide a summary of the Member Group participation in the 12 Distant Votes conducted since SICOGA2009. It includes a breakdown for the MGs grouped by when they gained Member status in relation to recent SICOGAs. Note: The Voter Confirmed and Vote Returned percentages are based on the number of DVs that the MGs were eligible to vote in.

Participation by Current Member Groups (MGs) in Distant Votes (DVs)					
	MGs grouped by MG Status Since...				
	Since 2009	Since 2012	Since 2015	Since 2018+	2012-2018+
MG for % of DVs	100%	83%	71%	45%	65%
Eligible to Vote in %DV's	91%	88%	97%	100%	94%
Voter Confirmed in %DV's	63%	54%	30%	41%	42%
Vote Returned in %DV's	72%	74%	52%	67%	60%
Number of MGs	65	4	4	5	13
Possible DVs	12	10	6	5	

#### Observations:

- The “MG for % of DVs” effectively shows a breakdown of current MGs in terms of how long they have had Member status of Servas International. The “2012-2018+” grouping is the aggregate result for the more recent MG groups.
  - The “Eligible to Vote in % DVs” data suggests all Member Groups may lapse in their obligations and loose their eligibility to vote in DVs.
  - The “Voter Confirmation in % DVs” indicates that longer term MGs and recent MGs are somewhat more diligent in confirming their Voter, but it is not a priority for most.
  - The “Vote Returned in % DVs” show a dip in turnout for the “Since 2015” group relative to the other groups. This may reflect smaller groups where the initial impetus of gaining Member status is waning.
- Effect of Member Group Size on Participation in Distant Votes** One possibility for lower Eligibility to Vote and Vote Returned rates could be that smaller Member Groups participate less. This possibility appears to be supported by the following scatter charts showing the percentage rates for Eligibility to Vote and Vote Returned against Size of Member group for current Member Groups, particularly when it comes to returning their vote.

Note: Membership numbers for MGs were taken from the supporting information for the New Funding Model provided in June 2021 with DV Jun2021.

#### Participation Details

This spreadsheet lists all the Servas countries that have been Member Groups for any of the twelve Distant Votes since the 2009 General Assembly. This includes the 78 current Member Groups and 13 Non Current Member Groups that have lost their Member (status but not regained it) since 2009 – these are listed at the bottom.

NOTE: This spreadsheet is intended to be read/printed as an A3 document. Details of participation for each Distant Vote is shown as columns across the spreadsheet, with a summary on the far right. The number of motions for each DV is shown under its name. The statistics for each Distant Vote are shown at the start of each column. They include:

- Totals for Eligible Voters, Confirmed Voters and the Votes returned.
- The number of MGs not eligible to vote (Provisioanl or Not Eligible)
- The total number of MGs at the time of the DV.
- The percentage of MGs that confirmed their voter.
- The number of MGs that returned a vote (whether valid or not).

The information shown in the three columns for each DV is: Status

– The eligibility status for each MG for this DV; Elg = eligible, Prov = provisional but not yet eligible & InElg = not eligible Confirmed

– OK means they replied to the voter confirmation mailouts Vote - V means a vote was received for from the Member Group. Not Member

– The country did not have Member status for this DV.

Hosts, Host Lists and ServasOnline	
How many host households (day hosts plus overnight hosts) did you have on December 31, 2021?	~195
How many of those host households were Day-Hosts?	~25
How many individual people are listed in your host list?	257 (as shown in Servas Online)
Do hosts in your country get a copy of the list?	yes (online access)
Are your Servas members on ServasOnline?	Yes, Austria migrated its Dolphin database to ServasOnline in May 2017.

How do you incite your members to keep their profiles up-to-date?	As of January 2020 Austria is participating in the E-stamp system, which means travellers have to complete their LOIs online; for members who have difficulties with ServasOnline we offer hands-on workshops 2-3 times a year, where they can complete or change their profiles.
Does your Servas group run its own website?	<a href="https://www.servas-austria.org/">https://www.servas-austria.org/</a>
Does your group accept members that are neither hosts, nor travelers?	We have not been confronted with this kind of request up to now
Travelers	
How many Servas International stamps did your country use in 2021?	14
How much money does your country need to pay to Servas International for 2021 stamps, and on what date will the transfer be made?	390 CHF, Dec. 27, 2021
Recruitment of New Members	
Have you carried out any specific activity/activities to recruit new hosts and travelers as Servas members?	Through one of our members we have an ongoing cooperation with a migrant & refugee organisation ( <a href="http://brunnenpassage.at/">http://brunnenpassage.at/</a> ) in Vienna.
If the answer is yes: Could you please describe your activity/activities?	We participate in some of the Brunnengasse events, activities and social gatherings (for example a monthly "community breakfast") and we offer day hikes in the Vienna area in an informal way (on hiatus at the moment due to Covid-19).

In your country, has the new web-presence with ServasOnline lead to more people interested in Servas? Did the number of members increase?	We received 10 membership requests via ServasOnline, the majority of which were not followed up by an interview with one of our contact persons. 5 new members arrived through mouth-to-mouth recommendation, as has been the case since Servas was founded. The overall number of members decreased by 3
Communication with Members	
Do you use any newsletters, bulletins, blogs or other methods to communicate with members in your country?	Email and Google newsgroup
If yes, how many were sent or used in the year 2021?	~40 (reduced correspondence because of Covid restrictions)
Do the members (hosts and travelers) in your country receive other Servas International information, such as SI News, requests to volunteers, that is sent to the key people?	Any information from SI will be passed on to our members, either directly via our newsgroup, or published as a link on our website <a href="http://www.servas-austria.org/">http://www.servas-austria.org/</a>
Servas Events and Peacebuilding	
In what ways did your Servas Group advance the "peacebuilding" mission of Servas in 2020?	No activities due to Covid-19
Has your Servas group linked with/participated in/co-organized peace related events with other organizations?	yes
If, yes, please give details	Individual members continue working with various NGOs supporting refugees in Austria
Do you keep a record and publish UN peace related activities ?	yes
If, yes, please give details	Our UN representative sends out peace-related information and invites members to 'open events' at the UN in Vienna.
National Events	

Do you have any statutes (or what is also called bylaws and/or a constitution) that regulate your activities in your national Servas group?	yes
Is your Servas group registered?	yes
Do you have an annual meeting? If so when will this or any other meeting take place in 2022?	We are holding our General Assembly, which had to be canceled in April 2020 and again in November 2021, in January 2022. In non-Covid times we invite all our members to monthly informal gatherings and activities, for example hiking or dancing, mostly in Vienna, where we have most members.
Do you have regular meetings of your national board/committee? When are these planned to take place in 2022?	The team usually meets twice or three times a year, in spring, fall, and winter; we are in constant email and telephone contact with each other. The next team meeting coincides with the GA in January.
Did your group organize any national or international Servas events in 2021 (for example, work camp, youth meet, group travel etc.)?	No activities due to Covid-19
If, yes, please give details	
Do you plan to organize any such events in 2022?	We hope that the annual Alpe-Adria Meeting can be held in September 2022, in Slovakia, and we would help the organizer in any way we can.
If yes, please give details	
Are your meetings open to members of other Servas groups? Do you publish them on the global Servas website?	Our social gatherings are open to anyone; international meetings will be published on the global Servas website.
How do you attract volunteers to help with Servas activities in your country?	By offering attractive activities that will make people want to participate – but admittedly, that is one of the hardest tasks, because it's always just 'the usual suspects' who are willing to help.

Looking at the projects you have done in your country, what worked well?	Small-scale social gatherings, dances and hikes have been popular, although the numbers of participants vary greatly; the co-operation with the integrative organisation 'Brunnenpassage' works very well; the annual 'Alpe-Adria' meeting that in non-Covid times takes place in Austria or one of its neighboring countries has been very popular for many years now, and we are hoping to see this event revived in 2022.
What are your priorities for 2022 for Servas in your country? (Development/internal process/ financial/peace activities/communications)	The most important task for the team will be to continue helping our members get familiar with ServasOnline, so that they can manage their own profiles. We want to continue our efforts to recruit new members (particularly young ones), both hosts and travellers.
How can EXCO or other national groups help to improve your National Group?	We will need continual help from the ServasOnline team, as there are still problems that need clarification, and glitches that need fixing.
Would you like to make any other comments or suggestions?	We are not happy with the proposed new funding system, but we will have to discuss this issue in our General Assembly.
Would you like to make any other comments or suggestions?	Covid-19 has forced all of us to stay home for most of 2020 and 2021 – that way one positive thing results from the pandemic: everyone's ecological footprint has been decreased.

If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.\*

\* Question number 44 is connected to the SI ExCo decision on October 27 2019 when the board approved a set of recommendations from the Servas International Ethical Travel Team (SIETT). The SI ExCo decision can be found here <https://servas.org/sites/default/files/uploads/minutes/2019/SI%20minutes%202019-10-27.pdf> and the SIETT report from August 2019 with the recommendations here [https://servas.org/sites/default/files/uploads/news/2019/si\\_report\\_for\\_si\\_ethical\\_travel\\_-\\_final.pdf](https://servas.org/sites/default/files/uploads/news/2019/si_report_for_si_ethical_travel_-_final.pdf) One of SIETT's recommendations was that SI officers should measure and report on their ecological footprint.

Hosts, Host Lists and ServasOnline	
How many host households (day hosts plus overnight hosts) did you have on December 31, 2021?	259
How many of those host households were Day-Hosts?	31
How many individual people are listed in your host list?	418
Do hosts in your country get a copy of the list?	yes
Are your Servas members on ServasOnline?	yes

How do you incite your members to keep their profiles up-to-date?	through our Newsletters, on the bottomline of the signature on each email of the travel coordinator, host list officer and national secretary, through the website, at every meeting, we help members to fill in the form through personal contact
Does your Servas group run its own website?	yes
Does your group accept members that are neither hosts, nor travelers?	as a rule and in principle every member is a traveler and/or host, even if we have 2 or 3 former members who are now supporters only.
Travelers	
How many Servas International stamps did your country use in 2021?	20
How much money does your country need to pay to Servas International for 2021 stamps, and on what date will the transfer be made?	€1553,4 is paid on 29th december2021
Recruitment of New Members	
Have you carried out any specific activity/activities to recruit new hosts and travelers as Servas members?	yes
If the answer is yes: Could you please describe your activity/activities?	Due to corona restrictions, the annual travel fair, where Servas has normally its own stand tot promote the organisation, has also been cancelled in 2021. The study project of the university students (Master in Tourism) did not lead directly to a higher number of interested young people. Indirectly, this led to the creation of a FB page, which was one of the recommendations from their study.

In your country, has the new web-presence with ServasOnline lead to more people interested in Servas? Did the number of members increase?	i.e. hard to know, maybe we lost fewer younger members because of the web-presence... although there is explicit demand for an app that is easier to use on a smartphone. The number of members has decreased
Communication with Members	
Do you use any newsletters, bulletins, blogs or other methods to communicate with members in your country?	YES, Newsletters, website and a Facebook page. However, the current website of Servas Belgium&Luxemburg is outdated and difficult to maintain. A working group is looking into the creation of a new version
If yes, how many were sent or used in the year 2021?	4 Newsletters
Do the members (hosts and travelers) in your country receive other Servas International information, such as SI News, requests to volunteers, that is sent to the key people?	we announced the SI News in every Newsletter we sent to the members, as well as on the website
Servas Events and Peacebuilding	
In what ways did your Servas Group advance the "peacebuilding" mission of Servas in 2020?	we are making peace more of a central topic in our communication with members
Has your Servas group linked with/participated in/co-organized peace related events with other organizations?	
If, yes, please give details	
Do you keep a record and publish UN peace related activities ?	
If, yes, please give details	
National Events	
Do you have any statutes (or what is also called bylaws and/or a constitution) that regulate your activities in your national Servas group?	no

Is your Servas group registered?	yes, as a de facto association, with regard to the insurance of the volunteers on national events
Do you have an annual meeting? If so when will this or any other meeting take place in 2022?	The New Year gathering in 2021 has been canceled due to Covid restrictions. The 2021 yearly cultural and recreational get-together was held in Dendermonde on October 7th. There were also a number of smaller regional initiatives.
Do you have regular meetings of your national board/committee? When are these planned to take place in 2022?	We had 5 board meetings (3 times online) and the annual meeting of the 'extended team' (= regional interviewers/coordinators + treasurer + communication + past-national secretary+ other volunteers) was held in September 2021. The 2022 extended team has been postponed till June or September (depending on the evolution of the pandemic). We foresee 4 to 5 board meetings in 2022.
Did your group organize any national or international Servas events in 2021 (for example, work camp, youth meet, group travel etc.)?	national: yes/ international: no
If, yes, please give details	The 2021 yearly cultural and recreational get-together was held in Dendermonde on October 7th.
Do you plan to organize any such events in 2022?	yes
If yes, please give details	the New Year lunch and cultural (peace-related) activity is planned on Sunday February 6th 2022; the annual get-together is foreseen somewhere in September or October 2022

Are your meetings open to members of other Servas groups? Do you publish them on the global Servas website?	yes, we invite also some neighbouring Servas-groups. We published it on our website.
How do you attract volunteers to help with Servas activities in your country?	personal contacts (using the info on the profile on Servas online), through the regional interviewers/coordinators and the Newsletter
Looking at the projects you have done in your country, what worked well?	the yearly get-together as well as a regional cultural visit in Bruges was succesfull
What are your priorities for 2022 for Servas in your country? (Development/internal process/ financial/peace activities/communications)	1. after the introduction of the unique membership (membership fee and LOI= 1 payment of €17/pp) for 2022: close follow-up so that the number of members is at least stabilised 2. further implementation of the workable recommendations of the study on Servas B&L: first of all the creation of a new easily updatable website
How can EXCO or other national groups help to improve your National Group?	1. Continuous improvement of Servas Online and the creation of its (smartphone) user-friendly app development; 2. national groups: please urge your members to complete their profiles. Incomplete profiles prevent the system from functioning properly. 3. The same applies to members who do not reply to messages/requests for contact from other members: that is very demotivating and we lose members because of it!
Would you like to make any other comments or suggestions?	

<p>Would you like to make any other comments or suggestions?</p>	<p>As a national group, we stimulate members to use public transport. Board members are reimbursed for their public transport tickets for Servas meetings. We want to share information about new possibilities of travelling by public transport on the FB page. On a personal level: we hardly travel (due to the pandemic), but as much as possible and if safe, by public transport or by bike instead of by car. Shopping: as much as possible local and seasonal products, we avoid disposable products, consume less. We have insulated our house well, have many solar panels and use green electricity.</p>
<p>If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.*</p>

If, yes, please give details	
Do you plan to organize any such events in 2022?	IF THE GOVERNMENT OPEN FOR GATHERINGS, WILL TRY
If yes, please give details	
Are your meetings open to members of other Servas groups? Do you publish them on the global Servas website?	NO

How do you attract volunteers to help with Servas activities in your country?	THEY GET ATTRACKED BECAUSE WHEN THEY HEAR ABOUT TRAVELLING AND BEING GET HOSTED BY DIFFERENT PEOPLE, CAUSE ITS CHEAPER IN TERMS OF TRAVELLING WITHOUT PAYING HOTELS.
Looking at the projects you have done in your country, what worked well?	BY PICKING LITTER
What are your priorities for 2022 for Servas in your country? (Development/internal process/ financial/peace activities/communications)	BY HELPING WITH FINANCES FOR TRANSPORT SO THAT WE MEET ATLEAST ONCE, FOR COMMUNICATION, INTERNET SO THAT IT GET EASIER FOR COMMUNICATING.
How can EXCO or other national groups help to improve your National Group?	ATLEAST SOME ONE FROM INTERNATIONALLY, TO MONITOR US THIS SIDE, GIVING US GUIDELINES OUR ACTIVITIES, AND BEING HELPED FINANCIALLY FOR THE MEETINGS.
Would you like to make any other comments or suggestions?	FOR PAST 2 YEARS ITS BEEN A STRUGGLE FOR US, BECAUSE WE COULDN'T MEET OR ANY ACTIVIES DUE TO THE PANDEMIC. MOST OF OUR MEMBERS DO NOT HAVE SMART PHONES, FOR ZOOM MEETINGS. HOPING THINGS WILL CHANGE.
Would you like to make any other comments or suggestions?	

If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.\*

\* Question number 44 is connected to the SI ExCo decision on October 27 2019 when the board approved a set of recommendations from the Servas International Ethical Travel Team (SIETT). The SI ExCo decision can be found here <https://servas.org/sites/default/files/uploads/minutes/2019/SI%20minutes%202019-10-27.pdf> and the SIETT report from August 2019 with the recommendations here [https://servas.org/sites/default/files/uploads/news/2019/si\\_report\\_for\\_si\\_ethical\\_travel\\_-\\_final.pdf](https://servas.org/sites/default/files/uploads/news/2019/si_report_for_si_ethical_travel_-_final.pdf) One of SIETT's recommendations was that SI officers should measure and report on their ecological footprint.

Hosts, Host Lists and ServasOnline	
How many host households (day hosts plus overnight hosts) did you have on December 31, 2021?	

How many of those host households were Day-Hosts?	31
How many individual people are listed in your host list?	98
Do hosts in your country get a copy of the list?	Only if they ask it.
Are your Servas members on ServasOnline?	All Brazilian members are on Sevas Online
How do you incite your members to keep their profiles up-to-date?	Currently, we reinforce the request to the coordinators through the meetings or online messages. Also the interviewers guide the new members to keep the profile updated. Before the pandemic period we used to have meetings, when we always remembered.
Does your Servas group run its own website?	Yes. <a href="http://servasbrasil.com.br">http://servasbrasil.com.br</a>
Does your group accept members that are neither hosts, nor travelers?	No
Travelers	
How many Servas International stamps did your country use in 2021?	04 (four) stamps
How much money does your country need to pay to Servas International for 2021 stamps, and on what date will the transfer be made?	190CHF, payed in 04/01/2021.
Recruitment of New Members	
Have you carried out any specific activity/activities to recruit new hosts and travelers as Servas members?	Yes

If the answer is yes: Could you please describe your activity/activities?	Even in pandemic times, we had 06 (six) new registrations this year. Three new are young members. In addition, we have held many meetings at a distance and the National Assembly is always encouraging the welcoming of new members, especially young ones.
In your country, has the new web-presence with ServasOnline lead to more people interested in Servas? Did the number of members increase?	The system is no longer new, it has been running here for some years now. We haven't had an increase in new members for this reason; on the contrary, it has reased with the apathy caused by the pandemic.
Communication with Members	
Do you use any newsletters, bulletins, blogs or other methods to communicate with members in your country?	Yes. We have an e-mail address, a blog for travel reports; regional, youth and a national whatsApp groups; Facebook and Instagram pages and the website.
If yes, how many were sent or used in the year 2021?	It is hard to say how many we send. Between e-mail, whatsApp or other media we send approximately more than 500 messages. Only through e-mail more than 300 certainly.
Do the members (hosts and travelers) in your country receive other Servas International information, such as SI News, requests to volunteers, that is sent to the key people?	Yes. We receive them all.
Servas Events and Peacebuilding	

<p>In what ways did your Servas Group advance the "peacebuilding" mission of Servas in 2020?</p>	<p>In many ways. Among them, sending texts encouraging members to become aware of the peace-building mission in the world. And also participating in other events rganized by Servas Brasil. Some examples: Participating in Servas 2021 Peace Calendar and 2021 Commemorative Dates Calendar. We have been offering articles with important topics to the editors of Servas International Newsletter, following a request from the vice president to strengthen the Latin America group's presence in the SI. Participation in virtual meetings held by Servas Brasil. Article on the Universal Declaration of Human Rights. Participation in the National Assembly of Servas Brasil in November.</p> <p>Confraternization, in December, emphasizing the role of Servas building peace in the world and seeking a change in life that brings us more health, peace, harmony, coexistence and happiness. The dissemination of Servas in groups and contacts on whatsapp. The Peace Secretary has volunteered to be part of the SB interviewing board and the team of translators for our language on the SI website.</p>
<p>Has your Servas group linked with/participated in/co-organized peace related events with other organizations?</p>	<p>Yes</p>

<p>If, yes, please give details</p>	<p>Through meetings, lectures, celebrations of dates with other organizations like Rotary and Rama Mission. Text “What are alternative communities” and a survey on “Ecovillas to discover in the world and in Brazil”. I would like to remind you that we made a letter indicating to the 2021 International Bremen Peace Award an institution and two people: Institution: The Articulation of Indigenous Peoples of Brazil, a national association of entities representing the indigenous peoples of Brazil. People: Greta Thunberg and Kayapo chief Raoni Metuktire. Greta Eleonora Ernman Thunberg is a Swedish environmental activist who has become known worldwide for her actions and speeches on climate change and global warming. Thunberg is a vegetarian and an animal rights activist. Raoni Metuktire is a Brazilian indigenous leader of the Kaiapó ethnic group who dedicated his life to the fight for preservation of the Amazon and the indigenous peoples.</p>
<p>Do you keep a record and publish UN peace related activities ?</p>	<p>Yes</p>
<p>If, yes, please give details</p>	<p>We have participated, the last two years, in United Nations Commission on the Status of Women Conference- UNCSW65. Celebrating the January 1st, which marks not only the passage from one year to the next, but also the World Day of Peace. And also the International Day of Peace, sometimes also called World Day of Peace, celebrated annually on 21 September.</p>

National Events	
Do you have any statutes (or what is also called bylaws and/or a constitution) that regulate your activities in your national Servas group?	We have a proposal for a Statute and Rules of Procedure. We are waiting for the approval of the SI Statutes by the Swiss authorities in order to regulate our documents according to Brazilian law.
Is your Servas group registered?	Not yet.
Do you have an annual meeting? If so when will this or any other meeting take place in 2022?	Yes. We have many meetings during the year. We try to get young people together and we celebrate the holidays with a national gathering at the end of the year.
Do you have regular meetings of your national board/committee? When are these planned to take place in 2022?	We have meetings with members of the national administration almost every month. In 2021, we held 22 meetings with managers, youth group and regional members mainly to organize the National Assembly and the elections. We also have more informal meetings that all Servas Brasil members can attend. We will continue with the meetings in 2022.
Did your group organize any national or international Servas events in 2021 (for example, work camp, youth meet, group travel etc.)?	Yes.

If, yes, please give details	We have a National General Assembly every two years. The last one was held in November 2021, the next one will be in 2023. We invited other member countries and SI members. At this meeting, four international guests from EXCO and four more from Latin America (Servas Colombia) participated.
Do you plan to organize any such events in 2022?	Yes.
If yes, please give details	We are planning some initiatives, we depend on the external variants like the pandemic. We don't have the definitions yet. We will certainly continue to organize meetings with members, the management group, and on commemorative dates.
Are your meetings open to members of other Servas groups? Do you publish them on the global Servas website?	Yes, we usually organize meetings with members from Portugal and Latin American countries. In our last National Assembly, also we had four EXCO/SI members present. Yes, we publish the meetings
How do you attract volunteers to help with Servas activities in your country?	Usually we talk about it among friends who have the Servas profile. In these last two years it has been difficult because of the problems caused by the pandemic; still we had new members. We have several members who do more than one activity, so there is not a lot of good will to collaborate.

<p>Looking at the projects you have done in your country, what worked well?</p>	<p>The commitment of the treasurer, with support from the National Secretariat, in the campaign to collect dues and maintain the active profile of the Brazilian Servants. The articles written by the Peace Secretary and notes about the Environment and Peace Contest by the Coordinator of the BA/SE Regional Office published in the International Bulletin. The campaign made with the participation of some state coordinators, Treasurer, Coordinator of Lists/Previous and current members to re-approach the National Secretariat of the members, to know how they are during the pandemic, invite them to participate and ask for help to organize the National Assembly. Online meetings to deal with servant issues and motivate the servant during the pandemic. Our best project, in 2021, was the execution of the national assembly.</p>

<p>What are your priorities for 2022 for Servas in your country? (Development/internal process/financial/peace activities/communications)</p>	<p>Improving internal processes is a constant goal. We will continue with some of last year's goals such as intensifying the use of new communication technologies and activities with young people. . We prefer to focus on internal process on communication by improving the media to spread the word about Servas and get new members. Increase communication among members, encouraging them to be more participatory. Integrate the regional coordinations and hold meetings between members of the states to increase interaction; Work the Servas programs, especially Making Connections, creating routes where there are more members, thus showing the possibilities of exchange. We will be attentive to the objectives of peace. Finally, we will insist on a greater commitment of the coordinators with the members of their region and with Servas in general.</p>

<p>How can EXCO or other national groups help to improve your National Group?</p>	<p>We appreciate the contributions and attention received by EXCO.</p> <p>Servas International could help by encouraging countries to create or update local roadmaps of exchange programs. These initiatives could be publicized in the International Newsletter.</p> <p>Also, create new opportunities, for example online cultural and language exchange groups. While you can't travel there are chances with the current online tools.</p> <p>Maintain communication between national groups and the SI through more frequent virtual meetings.</p> <p>SI can also help us by supporting specific groups like the Latin America Committee. That we have a coordinator interested in strengthening the countries of the block.</p>
<p>Would you like to make any other comments or suggestions?</p>	<p>Yes. Repeating last year's suggestions, the SI can facilitate the participation of managers in international meetings, with financial help (in presence) and with the option of translation into Portuguese either in the conferences or on the website. The presence of EXCO representatives at national meetings as well as maintaining contact increases our confidence in the work.</p>

<p>Would you like to make any other comments or suggestions?</p>	<p>SB is concerned about the environmental issue and always tries to encourage actions related to ecology, both nationally and regionally. We remind our members of the need to change the way we consume, save and choose food, adopt responsible tourism, teach good habits to children, etc. Servas Brasil also has a partnership in holding the Environment and Peace Contest. This event helps in the formation of ecological awareness in public school students, educating new generations. Because of the pandemic, it was not held in 2021, but has been held in two previous ones.</p>
<p>If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.*</p>

Hosts, Host Lists and ServasOnline	
How many host households (day hosts plus overnight hosts) did you have on December 31, 2021?	288 total host households = 273 host households + 15 Day Hosts Only
How many of those host households were Day-Hosts?	121 host households indicate they are willing to day host +15 Day Host only = 136 Day Host households.

How many individual people are listed in your host list?	<p>(92+164+63) 319 host listings for (46+164+63) 273 host households 46 host households (listed as 92 individuals) + 164 individual hosts + 63 host households (listed as 63 couples/joint profiles).</p> <p>(2+14) 16 Day Host Only listings for (1+14) 15 Day Host Only households = 1 Day Host Only (listed as 2 individuals) + 14 Day Host Only individuals .</p> <p>388 total profiles in SOL at year-end including travellers and supporters</p>
Do hosts in your country get a copy of the list?	Only online via SOL.
Are your Servas members on ServasOnline?	Yes - entirely
How do you incite your members to keep their profiles up-to-date?	Yearly email membership reminder. Admin support is offered in email. Regional coordinators contact, mostly by telephone, members who have not renewed their membership by year end, to encourage them to stay and maybe offer waiving the annual fee.
Does your Servas group run its own website?	Yes. English link is: <a href="https://www.canadaservas.org/en/home/">https://www.canadaservas.org/en/home/</a> French link is: <a href="https://www.canadaservas.org/fr/home-fr/">https://www.canadaservas.org/fr/home-fr/</a>
Does your group accept members that are neither hosts, nor travelers?	Yes, supporters.

Travelers	
How many Servas International stamps did your country use in 2021?	9 stamps were issued (2 youth and 7 adults); 0 cancelled
How much money does your country need to pay to Servas International for 2021 stamps, and on what date will the transfer be made?	2940 CHF paid 18 Jan '22. In addition, Servas Canada members donated a total of \$7,865.30 (CDN) to Servas International which was equivalent to all of the 2021 membership fees collected.
Recruitment of New Members	
Have you carried out any specific activity/activities to recruit new hosts and travelers as Servas members?	No, due to COVID-19 challenges.
If the answer is yes: Could you please describe your activity/activities?	
In your country, has the new web-presence with ServasOnline lead to more people interested in Servas? Did the number of members increase?	26 members were enrolled or reactivated in 2021. We believe that word of mouth is the reason most people joined or rejoined. The web presence with ServasOnline does not appear to be a significant influence and may be a deterrent for older members.
Communication with Members	

Do you use any newsletters, bulletins, blogs or other methods to communicate with members in your country?	A regular newsletter to members was re-instated in 2021; while the goal was to do four, so as to mirror the SI newsletter frequency, only three newsletters were issued. MailChimp is used to email communications to Servas Canada members to inform them about upcoming events, as well as membership renewal. These emails can be supplemented by phone calls in specific instances. Members are encouraged to visit our website for news and other information.
If yes, how many were sent or used in the year 2021?	Three newsletters were sent out to our membership in 2021. Six emails were sent out over the course of the year to advise of events and membership renewal.
Do the members (hosts and travelers) in your country receive other Servas International information, such as SI News, requests to volunteers, that is sent to the key people?	<p>We include information from the SI Newsletters in our Servas Canada newsletters to bring them to members' attention.</p> <p>Each member is sent an email by the treasurer when they pay their membership fee annually which includes the statement, "If you would like to read about what is going on in Servas International and the Servas communities at large, you can access all the annual reports at:  <a href="https://servas.org/en/community/board-and-management/administration">https://servas.org/en/community/board-and-management/administration</a>."</p>
Servas Events and Peacebuilding	

In what ways did your Servas Group advance the "peacebuilding" mission of Servas in 2020?	The COVID-19 pandemic undercut almost all activities. A Servas Canada member continues as one of SI's five reps to the UN in New York and, in Nov 2021, attended the virtual Geneva Peace Week after which he wrote an article on the event which was published in the SI News Bulletin.
Has your Servas group linked with/participated in/co-organized peace related events with other organizations?	No
If, yes, please give details	
Do you keep a record and publish UN peace related activities ?	yes
If, yes, please give details	The rep to the UN in New York mentioned in #25 above is a member of the Servas Canada board and keeps the Board apprised of UN activities and writes articles for the Servas Canada newsletter and website. Three Servas Canada members were among the SI delegates to the UN's Commission on the Status of Women conference in March 2021.
National Events	
Do you have any statutes (or what is also called bylaws and/or a constitution) that regulate your activities in your national Servas group?	Yes. Our revised constitution was approved by the membership on 23 Aug 2020. We have a draft Operations Manual that defines roles, responsibilities and operating procedures but requires work.
Is your Servas group registered?	No
Do you have an annual meeting? If so when will this or any other meeting take place in 2022?	No

Do you have regular meetings of your national board/committee? When are these planned to take place in 2022?	Yes. Since June 2020, the board has been meeting every 4 to 6 weeks. At the end of each board meeting, we reschedule the next one so there are no fixed dates.
Did your group organize any national or international Servas events in 2021 (for example, work camp, youth meet, group travel etc.)?	Yes
If, yes, please give details	In July we were hosted via Zoom by Servas Rwanda for a virtual get together.
Do you plan to organize any such events in 2022?	Yes
If yes, please give details	We have a program committee that has planned several events for Servas Canada members over the past year. These events have included a French language get together, a presentation of a walking trail in the eastern region of Canada and a trivia night. Plans for 2022 are to hold a book discussion and a potential youth event.
Are your meetings open to members of other Servas groups? Do you publish them on the global Servas website?	Our events are open to any Servas member who wishes to attend and we publish them on the Servas Canada website. We do not publish them on the global Servas website.
How do you attract volunteers to help with Servas activities in your country?	We have a volunteer coordinator who actively reaches out to members to volunteer. We also have a nominations committee to reach out to potential board members and other key people.

Looking at the projects you have done in your country, what worked well?	We established a dedicated program committee that has been meeting regularly to develop and plan events for our membership. The events have been quite well attended to date as they are done remotely, which allows members across the country to participate. We also held a board retreat (virtually) that extended across three separate dates. The program committee was developed as an outcome from this retreat, and we also developed a new mission and vision statement. We had a third party facilitator that helped with the retreat process.
What are your priorities for 2022 for Servas in your country? (Development/internal process/ financial/peace activities/communications)	Continue to develop online programming and look for ways to encourage environmentally friendly alternatives to high CO2 emission travel. Also expanding the awareness of and participation of Servas Canada members in the United Nations.
How can EXCO or other national groups help to improve your National Group?

Hosts, Host Lists and ServasOnline	
How many host households (day hosts plus overnight hosts) did you have on December 31, 2021?	26
How many of those host households were Day-Hosts?	8
How many individual people are listed in your host list?	33
Do hosts in your country get a copy of the list?	Yes, they can access by SOL System

Are your Servas members on ServasOnline?	Yes, during the last years our Servas members have began to use and be part of Servas online, even if still some of our members have not become totally familiar with SOL, and as we wrote in former annual reports, SOL itself it's not very user friendly.
How do you incite your members to keep their profiles up-to-date?	We write to them with video tutorials, trying to stimulate them to keep their profiles updated, but we know we still have work to do regarding it.
Does your Servas group run its own website?	Yes, <a href="http://www.servaschile.cl">www.servaschile.cl</a> , and we are also in Facebook and Instagram.
Does your group accept members that are neither hosts, nor travelers?	No
Travelers	
How many Servas International stamps did your country use in 2021?	2
How much money does your country need to pay to Servas International for 2021 stamps, and on what date will the transfer be made?	0 (we used less than 10 stamps)
Recruitment of New Members	
Have you carried out any specific activity/activities to recruit new hosts and travelers as Servas members?	Yes
If the answer is yes: Could you please describe your activity/activities?	It's not an specific activity, but as we have already wrote in our formers annual reports, we have invited some people to join us in our annual meeting, to talk a bit about what we do

	and introduce Servas to them.
In your country, has the new web-presence with ServasOnline lead to more people interested in Servas? Did the number of members increase?	Maybe, we are not totally sure about it, but regarding the people that contact us through SOL at least we can have the idea that more people is getting interested in Servas Chile, even if finally not many of them become members.
Communication with Members	
Do you use any newsletters, bulletins, blogs or other methods to communicate with members in your country?	We don't use newsletters, bulletins or blogs, but we are constantly forwarding mails with Servas information during the year, around six or seven mails every year and many WhatsApp messages during the year in our Servas Chile group chat, very active in WhatsApp.
If yes, how many were sent or used in the year 2021?	
Do the members (hosts and travelers) in your country receive other Servas International information, such as SI News, requests to volunteers, that is sent to the key people?	Yes, every important official communication from Servas International that has to be shared is properly forwarded to our members, as we wrote before we are constantly forwarding mails with Servas

	information during the year.
Servas Events and Peacebuilding	
In what ways did your Servas Group advance the "peacebuilding" mission of Servas in 2020?	As in former years, we suggested to our members to organize activities related with the International Peace Day, and the International Servas Week. During 2021, in this context we suggested to join the initiative "From my Window", from Servas Italy.
Has your Servas group linked with/participated in/co-organized peace related events with other organizations?	Yes, in former years, but not specifically during 2021. Maybe this year, with the conflict between Russia and Ukraine, it is even more necessary.
If, yes, please give details	
Do you keep a record and publish UN peace related activities ?	Not specifically during 2021, but We use to forward every information sent by the International Peace Secretary, and that information usually includes the activities of the UN peace area.
If, yes, please give details	
National Events	

Do you have any statutes (or what is also called bylaws and/or a constitution) that regulate your activities in your national Servas group?	Not Yet.
Is your Servas group registered?	No.
Do you have an annual meeting? If so when will this or any other meeting take place in 2022?	Yes, we always have an annual meeting, a general assembly, and during the last two years it was a virtual one because of the situation regarding the COVID19. We still don't have a deffinitive date for the 2022 meeting... Everything will depend on how the health situation evolves in Chile during the next months.
Do you have regular meetings of your national board/committee? When are these planned to take place in 2022?	Yes, we organize regular meetings of our executive commitee, at least two or three meetings every year. But regarding the COVID 19 situation during the last two years, our communications as executive commitee have been mostly online, not in-person as it was usual before.
Did your group organize any national or international Servas events in 2021 (for example, work camp, youth meet, group travel etc.)?	Yes

<p>If, yes, please give details</p>	<p>After two years having our annual meeting virtually, we did organize a meeting with our members, it was during October 23rd 2021, the first time we met in-person after more than two years. It was a very good event where we also could meet in person with some of the members. We hope to repeat the experience this year.</p>
<p>Do you plan to organize any such events in 2022?</p>	<p>We would love to! Thinking on the world pandemic and the situation regarding the CO-VID19 in our country, everything will depend on how will be the situation in Chile during the next months and the rest of the year. But in any case, if it's not in-person, we can organise something online.</p>
<p>If yes, please give details</p>	
<p>Are your meetings open to members of other Servas groups? Do you publish them on the global Servas website?</p>	<p>As we wrote on former reports, until now, we only have organized our meeting for our members, so we haven't published or announced them on the Servas website, but sometimes we have received Servas visitors that were hosted by our national members during our meetings, and they participated. Our main intention is to strengthen the ties between our local members, so we haven't</p>

	open our meetings yet, but we hope to do so soon.
How do you attract volunteers to help with Servas activities in your country?	We continue developing informal meetings with people that we think may be interested in joining Servas, specially young people, explaining to them what is Servas and how does it work.
Looking at the projects you have done in your country, what worked well?	Until now, all the activities have been working well, and as we said in the last reports, we are happy regarding how in the last years there is more, better and constant communication between our members.

What are your priorities for 2022 for Servas in your country?  
(Development/internal process/ financial/peace activities/communications)

As we wrote the past years in our former reports, during the last years we have been attracting more people to Servas Chile, but we think that we still can do even more, so we still would like to have more new members, specially young people, and also inform more to the people about Servas, and organize new activities with our members, and have a better communication with the other Servas in the world, specially in Latin America. In this way, we are participating virtually in whatsapp group and meetings of the Servas latinamerician NS. Even if we would like to improve all this, we have a context that makes it difficult, as we wrote in the last reports: first, since October 2019 our country was in the middle of a complex social crisis that affected many things in Chile, and after that the world pandemic regarding the CO-VID19; so by now during the last two years and a half it was even more difficult to think in the future, because everything will depend on how will be the situation in Chile during the next months. We hope this year things can

improve and we can re  
start some things.

How can EXCO or other national groups help to improve your National Group?	<p>As we wrote on our former reports, maybe the most important would be to keep improving the development of SOL, so in that way more Servas member would be using it more fluently. And, also as we wrote in the reports the last two years, we keep thinking that it is totally necessary to improve the communication between the Servas members in Latin America, to be more coordinated and in contact. We think this has a good start with the WhatsApp group of Latinamerican NS, and we hope it will go deeper and improving more. But, at the same time, we understand that the world is having such a complex moment right now because of the pandemic situation, and now with the conflict between Russia and Ukraine, that in the next future, all the efforts after that should go first on that direction.</p>
Would you like to make any other comments or suggestions?	no thanks

	I tried in Croatia by many contacts and managed only to get one member - the only one outside of the capital Zagreb - in town Sibenik
Recruitment of New Members	I have been trying hard to refresh members in Serbia as I habve manyx friends there. Only one member is not my friend- the oldest member and only one had been for long time. But that was stopped by corona and I have not visited serbia since. Hope to start traveling
Have you carried out any specific activity/activities to recruit new hosts and travelers as Servas members?	
If the answer is yes: Could you please describe your activity/activities?	
In your country, has the new web-presence with ServasOnline lead to more people interested in Servas? Did the number of members increase?	
	through mails and several meetings
Communication with Members	

Do you use any newsletters, bulletins, blogs or other methods to communicate with members in your country?	Everything I receive I distribute to all members. That was how three of us members went cycling on the invitation of Turkey Servas in 2019

If, yes, please give details	
Do you plan to organize any such events in 2022?	no
If yes, please give details	For long time I plan to organise an event - we are too small group but it is high time to concentrate my efforts - corona sopped because not much possibility to travel and with measures changing all the time.
Are your meetings open to members of other Servas groups? Do you publish them on the global Servas website?	
How do you attract volunteers to help with Servas activities in your country?	
Looking at the projects you have done in your country, what worked well?	
What are your priorities for 2022 for Servas in your country? (Development/internal process/ financial/peace activities/communications)	Corona stoppedso many plans. It is stil my wish To organize a meeting for some of Mediterranean countries To finsh helping Servas Serbia be active and overtake the roles of NS and Deputy To start planning to activate and find members in Bosnia and Hezegovina

How can EXCO or other national groups help to improve your National Group?	Just a thought: Is there a form of announcement for the invitation of a four, five days meeting - I can do it by myself but why to invent. Does any of the people in Servas know anyone in Bosnia and Herzegovina who can be interested in Servas there. I proposed to Servas Serbia to make a trip to Sarajevo and start there. Specially as I know the old Servas member there - Dževad
Would you like to make any other comments or suggestions?	Thanks to all hard working Servas members :):)

	printed every two years, but we are going to vote for not printing it anymore.
Are your Servas members on ServasOnline?	yes, they can choose if to be present on S.O.L. or not
How do you incite your members to keep their profiles up-to-date?	Through e-mails, through direct communications by local coordinatoors, and through Webmaster
Does your Servas group run its own website?	yes
Does your group accept members that are neither hosts, nor travelers?	no
Travelers	
How many Servas International stamps did your country use in 2021?	37
How much money does your country need to pay to Servas International for 2021 stamps, and on what date will the transfer be made?	in 2020: CHF 3250 paid on:23 March 2021
Recruitment of New Members	
Have you carried out any specific activity/activities to recruit new hosts and travelers as Servas members?	
If the answer is yes: Could you please describe your activity/activities?	Yes. We decided to keep the fee quite low (€15-€5) and we include the price of the stamp in the member fee, we encourage people through several social activities and meeting opportunities.

In your country, has the new web-presence with ServasOnline lead to more people interested in Servas? Did the number of members increase?	We organize several meeting on Servas values as solidarity, peace, not violent communication, climate changes and sustainability. Due to Covid19 Pandemie the activities had been carried out ONLINE or with small groups in presence and on-line.
	No, or not yet.
Communication with Members	
Do you use any newsletters, bulletins, blogs or other methods to communicate with members in your country?	
If yes, how many were sent or used in the year 2021?	We publish a proper registered newspaper twice a year, (but in 2021 just once) written by members and coordinated by our communication manager. Members receive it by e-mail or in a paper copy, if they ask for, or they can download it from the website. The communication manager sends newsletter to all members everytime it is needed. We don't have an official national FB profile, but there are several informal open groups, national and regional. Many local servas groups communicate through whatsapp too.
Do the members (hosts and travelers) in your country receive other Servas International information, such as SI News, requests to volunteers, that is sent to the key people?	Number 20 Newsletter had been sent to all members by email in 2021.

	Yes, we send the information by emails
Servas Events and Peacebuilding	
In what ways did your Servas Group advance the "peacebuilding" mission of Servas in 2020?	
Has your Servas group linked with/participated in/co-organized peace related events with other organizations?	We managed together with the youth group the Youth Eco-Camp in September 2021 on Climate and sustainability (workshop with Friday 4 Future , calculation of personal eco-footprint, on food waste, on no plastic lifestyle ) We keep on the SYLE projects, even if not realized because of travel restrictions. We supported the Peace School Turkey inviting Italian Members and Youth Group to lead ON-LINE workshops for children and families. We invented the "tandem" language exchange projects (online).
If, yes, please give details	Yes, we invite regional coordinators to cooperate with local groups/associations.
Do you keep a record and publish UN peace related activities ?	on local level: cooperation with Friday For Future, Amnesty I, Welcome Refugees, others. Mostly online, very few in presence.
If, yes, please give details	no, not yet, but we started to do it at beginning of 2022.
National Events	
Do you have any statutes (or what is also called bylaws and/or a constitution) that regulate your activities in your national Servas group?	

Is your Servas group registered?	We have a Statute and Rules of Procedure
Do you have an annual meeting? If so when will this or any other meeting take place in 2022?	yes
Do you have regular meetings of your national board/committee? When are these planned to take place in 2022?	We hold usually two national meeting a year, during one weekend in springtime and one weekend in falltime. The one in springtime is a formal assembly but in 2021 had been deleted due to Covid19 restrictions. In October 2021 we had our general assembly in Trieste, both in presence and on-line and we elected the new Board (that serves for 3 years). In wintertime we have usually a meeting only for regional coordinatoors and national board, that is about 25 people (in 2021 only on-line)
Did your group organize any national or international Servas events in 2021 (for example, work camp, youth meet, group travel etc.)?	yes, we met regularly online (once/twice a month) we are planning a meeting in presence (and online) in Springtime as formal assembly. The new elected Board has met in presence in November 2021.
If, yes, please give details	yes

Do you plan to organize any such events in 2022?	yes, Servas Italy organized the Servas bike meeting (Cuneo, July 2021) and the Youth Eco Camp in September 2021 (Garda lake) with international participants. In general, all meeting and assemblies are open to other countries members.
If yes, please give details	yes, sure. Inspite of Covid pandemie, we are planning meeting in presence (in alternative on-line or in both forms)
Are your meetings open to members of other Servas groups? Do you publish them on the global Servas website?	we are organizing the next Servas bike meeting based in Marenice-Cz, named "Three-country-corners-bike event", with other countries promoters (Germany, Polen, Czech Rep.) it will be focused on "crossing borders"and on "slow travelling". We are promoting as Hosting Country, the next International Summer Camp in August 2022 Sicily- Italy:subjects: Climate changes, sustainability and lifestyle, expecially focused on Servas experiences.
How do you attract volunteers to help with Servas activities in your country?	yes
Looking at the projects you have done in your country, what worked well?	motivation- (sharing of ideals and experiences) funding/reimbursement of some costs

	Less discussion and more concrete experiences. Bike meeting and the Eco Camp, creating synergy with the youngsters on Climate changes and sustainability, with attention to inter-generational relations. Cooperation with Youth & Family Committee.
What are your priorities for 2022 for Servas in your country? (Development/internal process/ financial/peace activities/communications)	
	To promote/advertise/participate to UN events, focused on Peace, Women empowerment and Climate changes. To improve participation to international events. To update Servas Italy Statute . To support Italian members in updating personal profiles and use of S-O-L. To organize local/national/international events in order to share experiences and to reconnect people during/after the pandemic.
How can EXCO or other national groups help to improve your National Group?	
	Improve communication from Exco on SOL/STAMPS procedure . Advertising and sharing experiences. Funding volunteering to held future international events.
Would you like to make any other comments or suggestions?	

	to improve and re-start connection in this phase of pandemic, planning meeting both in presence and on-line. To keep low the international fees. To pay attention to gender equality (after some requests during Italian Assembly, we added on our registration form for new members, three possible answers to the question "gender", (male, female, I prefer not to specify).
Would you like to make any other comments or suggestions?	
If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.*	yes, expecially inspired by the Youth Group: 1. we banned plastic from Servas meeting. 2.we promote slow (eco)way of travelling 3. we did workshop on food (local and bio-production and distribution,Fair Trade, solidarity Trade, etc), 4. we did workshop on self production (home made) soap and cosmetics without the use of plastic. 5 we support a new culture of less consumistic and wasting and less CO2 lifestyle.

How much money does your country need to pay to Servas International for 2021 stamps, and on what date will the transfer be made?	360CHF. We paid it on Dec.29, 2021.
Recruitment of New Members	
Have you carried out any specific activity/activities to recruit new hosts and travelers as Servas members?	Yes
If the answer is yes: Could you please describe your activity/activities?	*We prepare brochures and distribute them to interested organizations. *Our members invite friends who are intrested in Servas to their Servas meeting and to their homes when Servas guests come.*Our members introduce Servas at their personal meetings.

In your country, has the new web-presence with ServasOnline lead to more people interested in Servas? Did the number of members increase?	No
Communication with Members	
Do you use any newsletters, bulletins, blogs or other methods to communicate with members in your country?	Yes
If yes, how many were sent or used in the year 2021?	In 2021, 5 National Servas Japan Newsletters were published. Regional Servas newsletters were published totally 25 times.
Do the members (hosts and travelers) in your country receive other Servas International information, such as SI News, requests to volunteers, that is sent to the key people?	Yes, we sometimes introduce them to the members on our newsletters in Japanese.
Servas Events and Peacebuilding	
In what ways did your Servas Group advance the "peacebuilding" mission of Servas in 2020?	We sometimes introduce peace activities from SI members and Japanese members on Servas Japan Newsletters. We introduced SDGs actions in our newsletters and meetings.
Has your Servas group linked with/participated in/co-organized peace related events with other organizations?	Yes, we joined East Asia online meetings on Oct.30, 2021 and Jan, 23, 2022. On the second one, we had presentations on SDGs.

If, yes, please give details	I personally join Servas International Peace group on facebook.
Do you keep a record and publish UN peace related activities ?	Yes, we introduce SDGs from UN to our members.
If, yes, please give details	We introduce SDGs in our newsletters and zoom meetings.
National Events	
Do you have any statutes (or what is also called bylaws and/or a constitution) that regulate your activities in your national Servas group?	Yes

How do you attract volunteers to help with Servas activities in your country?	Some volunteers are willing to help guide Servas Travellers around. We must convince them to formally join Servas Japan. Some Servas members are getting more interested in Servas , and help our activity as volunteer staffs.
Looking at the projects you have done in your country, what worked well?	Because of COVID 19, we couldn't hold face-to face meetings but we discussed many things online meetings and it gave us more chances to hold meetings reasonably and conveniently.
What are your priorities for 2022 for Servas in your country? (Development/internal process/ financial/peace activities/communications)	Because of COVID, we couldn't hold face to face activities nor travel abroad so the number of members are decreasing. How to attract members to Servas programs is very important.
How can EXCO or other national groups help to improve your National Group?	This time, Taiwan team made a great effort to organize not

	only East Asian countries but also other national groups to organize online meetings. It worked really well thanks to NS Taiwan Mei Wang.
Would you like to make any other comments or suggestions?	This can be a good example. Other countries can organize like this and we can meet even online.
Would you like to make any other comments or suggestions?	I think UN SDGs are very important to promote ecology and world peace. I tried to introduce SDGs in our newsletters and meetings. Actually I found many members already put into actions and I introduced their actions in our newsletters and meetings even in international meetings like East Asia online meeting..
If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.*	<a href="mailto:ssk_ado@yahoo.co.jp">ssk_ado(at)yahoo.co.jp</a>

Hosts, Host Lists and ServasOnline	
How many host households (day hosts plus overnight hosts) did you have on December 31, 2021?	254
How many of those host households were Day-Hosts?	36
How many individual people are listed in your host list?	We don't have a host list anymore. However, we have 279 members on Servas Online. That includes both hosts and travellers.

Do hosts in your country get a copy of the list?	No, we don't provide a hostlist anymore. Everybody is in Servas Online
Are your Servas members on ServasOnline?	Yes
How do you incite your members to keep their profiles up-to-date?	We have 1 Servas member who knows a lot about Servas Online. He can see who logged in and which members never logged in. He is trying to contact everybody who has never logged in. And we are planning to organise zoom-sessions for those members who need help with Servas Online. We also send e-mails once in a while to everybody to remind them of their profile.
Does your Servas group run its own website?	Yes, <a href="http://www.servasnl.org">www.servasnl.org</a>
Does your group accept members that are neither hosts, nor travelers?	Yes, we do.
Travelers	
How many Servas International stamps did your country use in 2021?	4

How much money does your country need to pay to Servas International for 2021 stamps, and on what date will the transfer be made?	We transferred €570 on February 15th.
Recruitment of New Members	
Have you carried out any specific activity/activities to recruit new hosts and travelers as Servas members?	No, 2021 was not a good year to recruit new members.
If the answer is yes: Could you please describe your activity/activities?	
In your country, has the new web-presence with ServasOnline lead to more people interested in Servas? Did the number of members increase?	Yes, ServasOnline does increase the interest in membership. We are now receiving a few new members through SERVASOnline.
Communication with Members	
Do you use any newsletters, bulletins, blogs or other methods to communicate with members in your country?	Yes. We have an online blog, called Dialoog (Dialogue). On this blog, we post travel stories from our members, but also news from Servas International and invitations for international meetings. We update our blog regularly. We also send e-mails to our members.
If yes, how many were sent or used in the year 2021?	

Do the members (hosts and travelers) in your country receive other Servas International information, such as SI News, requests to volunteers, that is sent to the key people?	We try to put everything on our blog, also information about Servas International. If we think it is of utmost importance that everybody reads it, we send it by e-mail to all our members.
Servas Events and Peacebuilding	
In what ways did your Servas Group advance the "peacebuilding" mission of Servas in 2020?	We didn't to any specific activities for "peacebuilding" this year. However, we put information from / about different peacemovements on our blog.
Has your Servas group linked with/participated in/co-organized peace related events with other organizations?	No
If, yes, please give details	
Do you keep a record and publish UN peace related activities ?	No
If, yes, please give details	
National Events	
Do you have any statutes (or what is also called bylaws and/or a constitution) that regulate your activities in your national Servas group?	Yes
Is your Servas group registered?	Yes

Do you have an annual meeting? If so when will this or any other meeting take place in 2022?	Yes, our annual meeting will take place on June 12 2022.
Do you have regular meetings of your national board/committee? When are these planned to take place in 2022?	Yes, we try to have at least 3 meetings a year. We don't plan these in advance. Most of our meetings are done via skype or combined with other Servas-events.
Did your group organize any national or international Servas events in 2021 (for example, work camp, youth meet, group travel etc.)?	No
If, yes, please give details	
Do you plan to organize any such events in 2022?	No, 2021 was not a good year to recruit new members.
If yes, please give details	
Are your meetings open to members of other Servas groups? Do you publish them on the global Servas website?	Yes, everyone is welcome. As of now, we have not put our meetings on SERVAS Online.
How do you attract volunteers to help with Servas activities in your country?	In 2020 we did a survey where we also asked the question who would like to do voluntary work for Servas. Around 20 peoples answered positively, so we are now calling them all to see what they would like to do and how we can make use of them. It's really nice to know there are people who want to help! Apart from that we have a solid group of

	people who we can ask to help when necessary.
Looking at the projects you have done in your country, what worked well?	The walk always works. It is not a lot of work to organise but you do have a lot of time to talk and get to know each other. Our National Outings (once every 2 years) are a big success!
What are your priorities for 2022 for Servas in your country? (Development/internal process/ financial/peace activities/communications)	We have a new board in place now. We are hoping to reinvigorate travel as the Covid restrictions are lifted. We would like to stimulate travelling within the Benelux and the Netherlands itself. Now that the war has started in the Ukraine, we would like to do something with the refugees.

How can EXCO or other national groups help to improve your National Group?	It would be nice to hear what kind of activities other countries are organising for their members. How have they been coping with corona while maintaining membership and activities.
Would you like to make any other comments or suggestions?	Yes, I would like you to put a bit more effort in this annual report form. Every year, there are the same questions. Asking for our activities in 2021 when you know it is corona, is hardly interesting I would think. Asking how we cope during corona or how we want to try to keep our Servas group together during corona could be way more interesting.
Would you like to make any other comments or suggestions?	

<p>If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.*</p>	<p>Well, the world took care of that itself by bringing us corona. However, we did have a discussion about this during our annual meeting. We think it is important that we let our members know that the train/bike is a good alternative within Europe. That is also the reason we want to stimulate travelling in the Benelux / Germany and The Netherlands itself.</p>
<p>* Question number 44 is connected to the SI ExCo decision on October 27 2019 when the board approved a set of recommendations from the Servas International Ethical Travel Team (SIETT). Would you like to make any other comments or suggestions?	Please send out info to members via Servas Online like the international newsletter.
Would you like to make any other comments or suggestions?	I think you should change this question or add another about carbon foot print. It may be part of it but rather have it separate. I have started to plant dill o my balcony. I throw coffee ground in a compost bin. I am part of a garden community here at the condo but not so much success. I suggest information about this is being sent out via servas online to hosts. I am a shareholder of Fenix Outdoor making Kanken backpacks. Desite this I decided to repair my backpack at S\$70 instead of buying a new one for S\$139. I did this because it consumes less energy to repair. I have a write up on that story if you want to have it. I also repaired my reusable textile shopping bags.

<b>Communication with Members</b>	

<p>Do you use any newsletters, bulletins, blogs or other methods to communicate with members in your country?</p>	<p>Servas Korea has its own website (<a href="http://www.servas.or.kr">www.servas.or.kr</a>) and it is the main way to communicate between Servas Korea members. In addition, Servas Korea have been used several tools for communicating each other. One of the is BAND that is a very popular SNS in Korea. Servas members can easily create new BAND for the purpose of exchanging news and information. The SNS bands include Korea Servas Council with 21 members, Servas Korea Seoul with 97 members, Servas Peace Rider with 92 members, and Korea Servas with 163 members. Another Bands for local servas members have been used. In Korea, Kakaotalk is also very popular and it has been widely used to communicate with members. A group chatting room using Kakaotalk is used to exchange information on Servas related events. Last year, Servas Korea Newsletter was discontinued.</p>
<p>If yes, how many were sent or used in the year 2021?</p>	<p>A lot of messages have been posted on BANDs, Kakaotalk, and home pages. Servas Korea has posted the important information on its own homepage and use several BANDs and Kakaotalks for spreading the news quickly.</p>
<p>Do the members (hosts and travelers) in your country receive other Servas International information, such as SI News, requests to volunteers, that is sent to the key people?</p>	<p>Yes, it is quickly shared to Servas members through Korean SNS(BANDs and Kakaotalks) on the contents of email and requests from international servas members. They are also posted on the homepage to increase the possibilities for host volunteers.</p>

<b>Servas Events and Peacebuilding</b>

How do you attract volunteers to help with Servas activities in your country?	No as we are not registered officially.
Looking at the projects you have done in your country, what worked well?	n/a

<b>What are your priorities for 2022 for Servas in your country?</b> (Development/internal process/ financial/peace activities/communications)	1. To seek formal registration as an NGO from relevant national authority. Without registration, we cannot organise any public event. 2. To recruit at least 8 new members.
<b>How can EXCO or other national groups help to improve your National Group?</b>	For registration, we may need, if necessary to authorities, a letter from SI EXCO that it recognises Servas Tanzania.
<b>Would you like to make any other comments or suggestions?</b>	1. I suggest this report should include how many members travelled abroad, travellers received by each country on Servas basis.
<b>Would you like to make any other comments or suggestions?</b>	No. The climate change issue is still not popular. We in Tanzania believe our net ecological footprint is negative.
<b>If you have taken action during the year to decrease your personal ecological footprint – please describe these actions briefly.*</b>
