Argentina Australia Brazil Canada Costa Rica Executive Committee of Servas International France Germany Italy Korea

Definitions:

Subject Working Groups (SWG) – Subject Working Groups work together before the start of the conference, during the conference, and afterwards.

Subject Working Group (SWG) Sessions – the sessions **at the conference** that will occur before the formal GA sessions to discuss the topics and create motions which will then be voted on in the formal GA sessions. All attendees shall have speaking rights in the sessions. There will be no formal voting in the sessions, although the group may use voting to decide between options.

Workshops – will be held to prepare attendees for the SI General Assembly as well as for other discussions and gatherings around certain subjects or activities.

All delegates are strongly advised to attend the workshop on "Rules of Order" which apply to the Formal Voting Sessions.

There will be no voting in the workshops.

Topic Groups – proposed as a fast track for people who share an interest to meet each other during SICOGA. A Topic Group will arrange to get together at agreed times outside of the main SI General Assembly programme. Groups are likely to be both large and small and covering specialised interests as well as more general ones.

Formal Voting Session – the general; assembly main decision-making sessions, which all delegates must attend, where and motions are voted on.

National Group – a group of individuals within a country who represent Servas in that country. They may or may not have voting rights at the GA.

Member Group – a national group which has the right to a vote at the GA (through their delegate)

Delegate – a person who is attending the conference representing his/her member group (country), and who has a vote in the GA.

Non-delegate – a person attending the conference who does not have voting rights.

Attendee – a person who is attending and participating in the conference activities. Attendees are either delegates or non-delegates. Note that some non-delegates (e.g. Exco and other SI officers) have speaking rights at the GA, but not voting rights.

Agenda Items - the submissions from National Secretaries and EXCO for the GA Agenda, received by the SI President six months before the start of the SI GA.

Motion – something that can be voted on at the GA formal session. A motion provides the text of the decision that is recorded in the minutes. A motion will also include the person responsible for the next steps to carry it out (if applicable) and the budget and other resources required to complete it.

Amendment – a suggestion to change the motion being discussed. The amendment must be discussed and voted on before the original (or amended) motion can be finalized and voted on.

Abstention – If a delegate does not vote for or against a motion, then they are abstaining. Abstentions do not affect whether a motion is passed or not. For example, if there are 40 delegates, 18 vote for the motion, 16 vote against it and 6 abstain, then the motion passes.
