National secretary and national member group proposing motion

Summary of the motion

Areal Coordinator should have the possibility to intervene in internal conflicts of the region's countries if the country's NS, officers or National Board require this intervention

Background information and reasons for proposing the motion.

This motion is based on 2 situations we lived in Argentina. We had a terrible chaos, and we think that if the intervention of the Area Coordinator or Exco, or another committee would have solved the situation faster and easily.

Likely benefits for Servas International and national groups if the motion is passed.

To avoid internal chaos and a literal "war" of power in Servas groups.

Resource implications if the motion is passed in terms of time, human resources and specialist expertise.

No resource implications in terms of time, human resources and specialist expertise.

What are the budget implications, if any, of the motion for Servas International and for national groups in the short and longer term?

No budget implications.

Who should be responsible for the actions arising from the motion in terms of planning, development and management, for example which officer within SI Exco or SI Committee.

The NSs should contact the Area Coordinator if their help is needed.

Would there be implications for the Servas International statutes if the motion is passed?

No

What is the likely impact if the motion is not passed?

Servas is a peace organization and we think that all the tools should be at hand in order to preserve harmony in local groups.
