

## **Distant Vote November 2016 Motion 3**

### **Motion 3:**

**To appoint (not elect) the SI Archivist**

### **SI Exco Comments:**

The position listed in the motion requires specific skills and a specific location.

For example, we already have the SI Information and Communications Team (ICT) which is appointed because it also requires specific skills.

SI Exco sees no risk to Servas International if this position is appointed. Making it an appointed position will ensure that we have a qualified person in the position, and will simplify the General Assembly election process, as well as the efforts of the Nominations Committee to find qualified candidates.

SI Exco recommends that the members approve this motion.
