

More About Me:

This section lets you tell other members (hosts and travellers) more about you, your household, and your environment. There is more space to talk about your interests, your region, and your hosting facilities. Both hosts and travellers complete this section.

1. **Click on Edit More About Me** .  (Note: if you get a message saying “Save previous block...”, it means that a previous block hasn’t been saved. Look for any green bars like this  and click on them to save.
2. **Visibility settings:** You can set limits on how much of your information people can see: “All members” includes all approved Servas travellers, hosts and supporters. Choosing “friends” hides the information from anyone whom you have not connected with as a Friend. “Only me” will keep the information off the site—only you will see it in “My Profile”. Click in the appropriate circle to choose.

Update your profile

* Name other adult Servas members living with you who also have a profile in ServasOnline. (Note: This is not a "free text" field. The member you add must already be in the system). Start typing the last name of a person. Wait a few seconds for the system to propose some names. Click on the name of the person. If there are more adult Servas members living at this address, repeat the process.

*Children under 18 living in your household: Give names, gender, and birth year. (note: this is a free text field, and will not convert to age.

*Member type must be completed by an administrator. If your Member Types are not all listed, contact a local administrator.

*"Servas member since" and "Servas traveller since" cannot be updated here.

Describe your interests—both hosts and travellers would like to know more about you. This is a free text field with lots of room

Free text field—up to 100 characters, so you don't need to use abbreviations!

In these two fields you can add more information (up to 130 characters in each) about yourself, your interests, your accommodations,--anything you think would be of interest to people you host or who host you. It could be helpful, for example, for travellers to know that you can offer 1 bedroom with a double bed, but you could accommodate more on a cot or mat.

Countries you have travelled in

Countries you have lived in.

Another free text field to describe attractions (for hosts) or other information that travellers would be interested in.

Don't forget to "Update"!
