

SAILING THE SÃO FRANCISCO RIVER was a Servas trip organized by their members of Petrolina, Pernambuco and Juazeiro, Bahia in the Northeast of Brazil from June 16 to 19, 2022. The São Francisco River is the largest river. It rises and crosses five states of the Brazilian territory until it empties into the Atlantic Ocean.

The Servas is always in moments of harmony and fraternity. Thank you, for the welcome, and especially for the affection and respect you dedicate to each one who enters your homes.

😊👋 I loved being with you.

It was my second Servas experience and it was an amazing experience of sharing. The beauty of the two cities Juazeiro/Bahia and Petrolina/Pernambuco, separated by the waters of the São

Francisco River, we watched a beautiful sunset on a catamaran, got to know the Terra Nova winery and then boarded the Vapor do Vinho, in the waters of the Sobradinho Hydroelectric. I am very grateful for the opportunity.
